PACGOLD

ASX ANNOUNCEMENT

5th February 2025

Appointment of Experienced Geological Consultant to Progress Alice River

Bruce Kendall comes to Pacgold with 30+ years' experience

HIGHLIGHTS

- **Pacgold has appointed experienced geologist, Bruce Kendall, as a geological consultant to the Company.**
- **Bruce brings significant experience, including discoveries at Julimar (PGE-Ni-Cu), Tropicana (Au) and Coyote (Au).**
- **Bruce will work with the Pacgold geological team with the aim of making significant discoveries in 2025.**
- **Bruce will also assist with general business development across the group.**

Queensland focused gold explorer, Pacgold Limited **(ASX: PGO)** ('**Pacgold**' or '**the Company**') is pleased to announce the appointment of Bruce Kendall of Obsidian Geological Consultants as a geological consultant to the Company.

Bruce has over 30 years' experience in managing mineral exploration from grass roots through to advanced brownfields projects, near mine exploration, resource definition and feasibility studies as well as holding corporate management roles with companies such as AngloGold Ashanti, Independence Group, Jabiru Metals and Chalice Mining.

He played key roles in several discoveries including the world-class Tropicana gold deposit for which he was the joint recipient of AMEC's Prospector of the Year Award in 2012, the Julimar PGE-Ni-Cu deposit and the Coyote Gold Deposit.

Bruce will provide specialist advice on exploration at the Company's Alice River Gold Project.

***Pacgold's Managing Director, Matthew Boyes, commented**:*

"I am thrilled to have secured someone of Bruce's calibre to join the Pacgold team. He is a results-oriented geologist with significant experience in the discovery of world-class deposits and understanding mineralisation systems. Given the results we received from Alice River, we are confident that we control a substantial mineralised system and Bruce's knowledge will be invaluable as we progress over 2025 to unlock the value of this project.

"We continue to analyse the recent results as we firm up our exploration plans for 2025, following the end of the wet season. The entire geology team is excited by the potential of Alice River and look forward to drilling recommencing as soon as practicable."

This announcement is approved by the Pacgold Limited Board of Directors.

About Pacgold Limited:

Pacgold is an ASX-listed minerals exploration company (ASX: PGO) focused on the Alice River Gold Project situated at the northern end of the Northeast Queensland Mineral Province. This gold-rich Province contains several multi-million-oz gold deposits including Pajingo, Mt Leyshon, Kidston, and Ravenswood.

Pacgold has a 100% interest in the Alice River Gold Project, covering an historical high-grade goldfield and open pit mine with eight mining leases and five exploration permits over an area spanning 377km^2.

Since establishment in 2021, Pacgold has completed more than 27,000m of drilling which has confirmed district-scale opportunity.
