EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Corporations Act, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2025 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.braziliancriticalminerals.com.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report to be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Meeting.

3. RESOLUTION 2 – ELECTION OF NICHOLAS HOLTHOUSE

3.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and Listing Rule 14.4, any Director so appointed holds office only until the next annual general meeting and is then eligible for election by Shareholders but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

Nicholas Holthouse, having been appointed by other Directors on 29 May 2025 in accordance with the Constitution, will retire in accordance with the Constitution and Listing Rule 14.4 and being eligible, seeks election from Shareholders.

The Board does not consider Mr Holthouse to have any interests, position or relationship that might influence, or reasonably be perceived to influence, in a material respect the candidate's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interest of the Company as a whole rather than in the interests of an individual security holder or other party.
Other material information	The Company conducts appropriate checks on the background and experience of candidates before their appointment to the Board. These include checks as to a person's experience, educational qualifications, character, criminal record and bankruptcy history. The Company undertook such checks prior to the appointment of Nicholas Holthouse.
Board recommendation	Having received an acknowledgement from Nicholas Holthouse that they will have sufficient time to fulfil their responsibilities as a Director and having reviewed the performance of Nicholas Holthouse since their appointment to the Board and the skills, knowledge, experience and capabilities required by the Board, the Directors (other than Nicholas Holthouse) recommend that Shareholders vote in favour of this Resolution.

3.2 Technical information required by Listing Rule 14.1A

If this Resolution is passed, Nicholas Holthouse will be elected to the Board as a non-executive Director.

If this Resolution is not passed, Nicholas Holthouse will not continue in their role as a non-executive Director. The Company may seek nominations or otherwise identify suitably qualified candidates to join the Company. As an additional consequence, this may detract from the Board and Company's ability to execute on its strategic vision.

4. RESOLUTION 3 – RE-ELECTION OF JEREMY ROBINSON

4.1 General

Independence	If re-elected, the Board considers that Jeremy Robinson will be an independent Director.
Board recommendation	Having received an acknowledgement from Jeremy Robinson that they will have sufficient time to fulfil their responsibilities as a Director and having reviewed the performance of Jeremy Robinson since their appointment to the Board and the skills, knowledge, experience and capabilities required by the Board, the Directors (other than Jeremy Robinson) recommend that Shareholders vote in favour of this Resolution.

4.2 Technical information required by Listing Rule 14.1A

If this Resolution is passed, Jeremy Robinson will be re-elected to the Board as an independent Director.

If this Resolution is not passed, Jeremy Robinson will not continue in their role as an independent Director. The Company may seek nominations or otherwise identify suitably qualified candidates to join the Company. As an additional consequence, this may detract from the Board and Company's ability to execute on its strategic vision.

5. RESOLUTION 4 – APPROVAL OF 7.1A MANDATE

5.1 General

This Resolution seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Under Listing Rule 7.1A, an Eligible Entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**). An Eligible Entity means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. As of the date of this Notice, the Company's market capitalisation is \$52,514,233. The Company is therefore an Eligible Entity.

5.2 Technical information required by Listing Rule 14.1A

For this Resolution to be passed, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be cast in favour of the Resolution.

If this Resolution is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If this Resolution is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

5.3 Technical information required by Listing Rule 7.3A

REQUIRED INFORMATION	DETAILS
Period for which the 7.1A Mandate is valid	The 7.1A Mandate will commence on the date of the Meeting and expire on the first to occur of the following: (a) the date that is 12 months after the date of this Meeting; (b) the time and date of the Company's next annual general meeting; and (c) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).
Minimum price	Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued for cash consideration at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before: (a) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or (b) if the Equity Securities are not issued within 10 trading days of the date in paragraph (a) above, the date on which the Equity Securities are issued.
Use of funds	The Company intends to use funds raised from issues of Equity Securities under the 7.1A Mandate for the acquisition of new resources, assets and investments (including expenses associated with such an acquisition), continued exploration expenditure on the Company's current assets/or projects (funds would then be used for project, feasibility studies and ongoing project administration), the development of the Company's current business and general working capital.
Risk of economic and voting dilution	Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of Shareholders who do not receive any Shares under the issue. If this Resolution is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing Shares would be as shown in the table below.

REQUIRED INFORMATION		DETAILS																																										
		The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Equity Securities on issue or proposed to be issued as at 26 September 2025. The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 7.1A Mandate.

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.																																												
The table above uses the following assumptions:																																												
1. There are currently 1,694,007,501 Shares on issue:																																												
2. The issue price set out above is the closing market price of the Shares on the ASX on 26 September 2025 (being \$0.031) (Issue Price). The Issue Price at a 50% increase and 50% decrease are each rounded to three decimal places prior to the calculation of the funds raised.																																												
3. The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate.																																												
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1.																																												
5. The issue of Equity Securities under the 7.1A Mandate consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities. If the issue of Equity Securities includes quoted Options, it is assumed that those quoted Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.																																												
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.																																												
7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed.																																												
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.																																												
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A Mandate, based on that Shareholder's holding at the date of the Meeting.																																												

REQUIRED INFORMATION	DETAILS						
	Shareholders should note that there is a risk that: (a) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and (b) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.						
Allocation policy under 7.1A Mandate	The recipients of the Equity Securities to be issued under the 7.1A Mandate have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company. The Company will determine the recipients at the time of the issue under the 7.1A Mandate, having regard to the following factors: (a) the purpose of the issue; (b) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing Shareholders may participate; (c) the effect of the issue of the Equity Securities on the control of the Company; (d) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company; (e) prevailing market conditions; and (f) advice from corporate, financial and broking advisers (if applicable).						
Previous approval under Listing Rule 7.1A.2	The Company previously obtained approval from its Shareholders pursuant to Listing Rule 7.1A at its annual general meeting held on 28 November 2024 (Previous Approval). During the 12-month period preceding the date of the Meeting, being on and from 17 November 2024, the Company issued 90,005,859 Shares pursuant to the Previous Approval (Previous Issue), which represent approximately 7.52% of the total diluted number of Equity Securities on issue in the Company on 20 November 2024, which was 1,196,155,730. Further details of the issues of Equity Securities by the Company pursuant to Listing Rule 7.1A.2 during the 12 month period preceding the date of the Meeting are set out in the table below. Fully paid ordinary shares in the capital of the Company, ASX Code: BCM (terms are set out in the Constitution). 3. This is a statement of current intentions as at the date of this Notice. As with any budget, intervening events and new circumstances have the potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way the funds are applied on this basis.
Voting exclusion statement	As at the date of this Notice, the Company is not proposing to make an issue of Equity Securities under Listing Rule 7.1A. Accordingly, a voting exclusion statement is not included in this Notice.

6. RESOLUTION 5 – APPROVAL TO ISSUE SECURITIES UNDER THE COMPANY'S EMPLOYEE INCENTIVE SECURITIES PLAN

6.1 General

This Resolution seeks Shareholder approval for purposes of Listing Rule 7.2 (Exception 13(b)) for the issue of a maximum of 190,000,000 Securities under the employee incentive scheme titled "Employee Incentive Securities Plan" (**Plan**).

The objective of the Plan is to attract, motivate and retain key employees, contractors and other persons who provide services to the Company, and the Company considers that the adoption of the Plan and the future issue of Securities under the Plan will provide these parties with the opportunity to participate in the future growth of the Company.

6.2 Listing Rule 7.1 and Listing Rule 7.2 Exception 13(b)

As summarised in Section 5.1 above, and subject to a number of exceptions set out in Listing Rule 7.2, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Listing Rule 7.2 (Exception 13(b)) provides that Listing Rule 7.1 does not apply to an issue of securities under an employee incentive scheme if, within three years before the date of issue of the securities, the holders of the entity's ordinary securities have approved the issue of equity securities under the scheme as exception to Listing Rule 7.1.

Exception 13(b) is only available if and to the extent that the number of equity securities issued under the scheme does not exceed the maximum number set out in the entity's notice of meeting dispatched to shareholders in respect of the meeting at which shareholder approval was obtained pursuant to Listing Rule 7.2 (Exception 13(b)). Exception 13(b) also ceases to be available if there is a material change to the terms of the scheme from those set out in the notice of meeting.

6.3 Technical Information required by Listing Rule 14.1A

If this Resolution is passed, the Company will be able to issue Securities under the Plan to eligible participants over a period of 3 years. The issue of any Securities to eligible participants under the Plan (up to the maximum number of Securities stated in Section 6.4 below) will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

For the avoidance of doubt, the Company must seek Shareholder approval under Listing Rule 10.14 in respect of any future issues of Securities under the Plan to a related party or a person whose relationship with the Company or the related party is, in ASX's opinion, such that approval should be obtained.

If this Resolution is not passed, the Company will be able to proceed with the issue of Securities under the Plan to eligible participants, but any issues of Securities will reduce, to that extent, the Company's capacity to issue equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the issue of the Securities.

6.4 Technical information required by Listing Rule 7.2 (Exception 13)

REQUIRED INFORMATION	DETAILS
Terms of the Plan	A summary of the material terms and conditions of the Plan is set out in Schedule 2.
Number of Securities previously issued under the Plan	The Company has issued 44,500,000 Securities under the Plan since the Plan was last approved by Shareholders at the 2023 AGM.
Maximum number of Securities proposed to be issued under the Plan	The maximum number of Securities proposed to be issued under the Plan in reliance on to Listing Rule 7.2 (Exception 13) and for a period of 3 years, following Shareholder approval at this Meeting, is 190,000,000 Securities. It is not envisaged that the maximum number of Securities for which approval is sought will be issued immediately. The Company may also seek Shareholder approval under Listing Rule 10.14 in respect of any future issues of Securities under the Plan to a related party or a person whose relationship with the Company or the related party is, in ASX's opinion, such that approval should be obtained.
Voting exclusion statement	A voting exclusion statement applies to this Resolution.
Voting prohibition statement	A voting prohibition statement applies to this Resolution.

7. RESOLUTION 6 – APPROVAL TO ISSUE SHARES TO RAISE FUNDS FOR GENERAL WORKING CAPITAL

7.1 General

This Resolution seeks Shareholder approval for the purposes of Listing Rule 7.1 for the issue of up to 150,000,000 Shares to professional and sophisticated investors at an issue price of 80% of the five (5) day volume weighted average price of the Company's Shares calculated prior to the date on which the agreement to issue Shares is reached.

A summary of Listing Rule 7.1 is set out in Section 5.1 above.

The proposed issue does not fall within any of the exceptions set out in Listing Rule 7.2 and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of Shareholders under Listing Rule 7.1.

7.2 Technical information required by Listing Rule 14.1A

If this Resolution is passed, the Company will be able to proceed with the proposed issue. In addition, the issue will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If this Resolution is not passed, the Company will not be able to proceed with the proposed issue. The Company will therefore not have the flexibility to raise additional funds for general working capital and ongoing study work

7.3 Technical information required by Listing Rule 7.3

REQUIRED INFORMATION	DETAILS
Names of persons to whom Securities will be issued or the basis on which those persons were or will be identified/selected	The Company expects that the Shares would be issued to professional and sophisticated investors who will be identified by the Company.
Number of Securities and class to be issued	Up to 150,000,000 Shares will be issued.
Terms of Securities	The Shares will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares.
Date(s) on or by which the Securities will be issued	The Company proposed issue date is currently unknown. In any event, the Company will not issue any Shares later than three months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules).
Price or other consideration the Company will receive for the Securities	The issue price will be equal to 80% of the five (5) day VWAP calculated prior to the date on which the agreement to issue is reached.
Purpose of the issue, including the intended use of any funds raised by the issue	The purpose of the issue is to raise capital, which the Company intends to apply towards general working capital and ongoing study work.
Summary of material terms of agreement to issue	The Shares will not be issued pursuant to an agreement.

7.4 Worked examples

Set out below are worked examples of the amount that may be raised based on the total number of Shares that may be issued if Shareholder approval is obtained under this Resolution. The table below is based on assumed issue prices of \$0.031, \$0.047 per Share and \$0.016, being the closing price of Shares on 26 September 2025 (**Closing Price**) and the prices which are 50% higher and 50% lower than the Closing Price.

To calculate the maximum amount that may be raised, discounted figures of \$0.013, \$0.025 and \$0.038, have been used, being an issue price which is 80% of the volume weighted average prices set out below.

The Company also notes that, if the Company's Share price increases, the Company may consider reducing the number of Shares issued at the time the raise is undertaken which would reduce the dilution effect on Shareholders.

ASSUMED PRICE	VWAP DISCOUNT (80% of VWAP) ¹	MAXIMUM NUMBER OF SHARES WHICH MAY BE ISSUED	CURRENT SHARES ON ISSUE AS AT THE DATE OF THIS NOTICE ²	MAXIMUM AMOUNT RAISED ASSUMING THE COMPANY ISSUED THE MAXIMUM NUMBER OF SHARES	DILUTION EFFECT ON EXISTING SHAREHOLDERS
\$0.016	\$0.013	150,000,000	1,694,007,501	\$1,920,000	8.13%
\$0.031	\$0.025	150,000,000	1,694,007,501	\$3,720,000	8.13%
\$0.047	\$0.038	150,000,000	1,694,007,501	\$5,640,000	8.13%

Notes

1. The Company notes that the above workings are an example only and the actual issue price may differ. This will result in the maximum number of Shares to be issued and the dilution percentage to also differ.
2. There are currently 1,694,007,501 Shares on issue as at the date of this Notice and this table assumes no Options are exercised, no convertible securities converted or additional Shares issued, other than the maximum number of Shares which may be issued pursuant to this Resolution (based on the assumed issue prices set out in the table).

8.2 Director Recommendation

Each Director has a material personal interest in the outcome of these Resolutions on the basis that all of the Directors (or their nominee(s)) are to be issued Performance Rights should these Resolutions be passed. For this reason, the Directors do not believe that it is appropriate to make a recommendation on these Resolutions.

8.3 Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act requires that for a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and

(b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue constitutes giving a financial benefit and each of the proposed recipients is a related party of the Company by virtue of being a Director.

As the Performance Rights are proposed to be issued to all of the Directors, the Directors are unable to form a quorum to consider whether one of the exceptions set out in sections 210 to 216 of the Corporations Act applies to the issue. Accordingly, Shareholder approval for the issue is sought in accordance with Chapter 2E of the Corporations Act.

8.4 Listing Rule 10.14

Listing Rule 10.14 provides that an entity must not permit any of the following persons to acquire equity securities under an employee incentive scheme without the approval of the holders of its ordinary securities:

10.14.1 a director of the entity;

10.14.2 an associate of a director of the entity; or

10.14.3 a person whose relationship with the entity or a person referred to in Listing Rules 10.14.1 to 10.14.2 is such that, in ASX's opinion, the acquisition should be approved by security holders.

The issue falls within Listing Rule 10.14.1 and therefore requires the approval of Shareholders under Listing Rule 10.14.

8.5 Technical information required by Listing Rule 14.1A

If these Resolutions are passed, the Company will be able to proceed with the issue within 15 months after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules). As approval pursuant to Listing Rule 7.1 is not required for the issue (because approval is being obtained under Listing Rule 10.14), the issue will not use up any of the Company's 15% annual placement capacity.

If these Resolution are not passed, the Company will not be able to proceed with the issue. Further, the Company will need to find alternative ways to remunerate the Directors, including using the Company's cash reserves.

Consideration of type of Security to be issued	The Company has agreed to issue the Performance Rights for the following reasons: (a) the issue of Performance Rights has no immediate dilutionary impact on Shareholders; (b) the milestones attaching to the Performance Rights to the Directors' will align the interests of the recipient with those of Shareholders; (c) the issue is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to the Directors'; and (d) it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Incentive Performance Rights on the terms proposed.

9. RESOLUTION 10 – RATIFICATION OF PRIOR ISSUE OF SHARES TO AUGUST PLACEMENT PARTICIPANTS

9.1 Background to the August Placement

As announced on 28 August 2025, the Company received firm commitments from unrelated professional and sophisticated investors (**August Placement Participants**) to raise \$50,000 (before costs) through the issue of 2,173,913 Shares at an issue price of \$0.023 per Share (**August Placement**).

Funds raised under the August Placement were applied towards ongoing working capital requirements.

9.2 General

This Resolution seeks Shareholder ratification for the purposes of Listing Rule 7.4 for the issue of Shares to August Placement Participants.

9.3 Listing Rule 7.1

A summary of Listing Rule 7.1 is set out in Section 5.1 above.

The issue does not fit within any of the exceptions set out in Listing Rule 7.2 and, as it has not yet been approved by Shareholders, it effectively uses up part of the 15% limit in Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the date of the issue.

9.4 Listing Rule 7.4

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue.

9.5 Technical information required by Listing Rule 14.1A

If this Resolution is passed, the issue will be excluded in calculating the Company's 15% limit in Listing Rule 7.1, effectively increasing the number of equity securities the Company can issue without Shareholder approval over the 12 month period following the date of the issue.

If this Resolution is not passed, the issue will be included in calculating the Company's 15% limit in Listing Rule 7.1, effectively decreasing the number of equity securities that the Company can issue without Shareholder approval over the 12 month period following the date of the issue.

A summary of Listing Rule 7.4 is set out in Section 9.4 above.

Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue.

Purpose	The purpose of the Plan is to: (a) assist in the reward, retention and motivation of Eligible Participants; (b) link the reward of Eligible Participants to Shareholder value creation; and (c) align the interests of Eligible Participants with shareholders of the Group (being the Company and each of its Associated Bodies Corporate), by providing an opportunity to Eligible Participants to receive an equity interest in the Company in the form of shares, options rights (Securities).
Maximum number of Convertible Securities	The maximum number of equity securities proposed to be issued under the Plan in reliance on Listing Rule 7.2 (Exemption 13(a)), following Shareholder approval under Resolution 6, is 190,000,000 Securities. It is not envisaged that the maximum number of Securities will be issued immediately.
Plan administration	The Plan will be administered by the Board. The Board may exercise any power or discretion conferred on it by the Plan rules in its sole and absolute discretion (except to the extent that it prevents the Participant relying on the deferred tax concessions under Subdivision 83A-C of the <i>Income Tax Assessment Act 1997</i> (Cth)). The Board may delegate its powers and discretion.
Eligibility, invitation and application	The Board may from time to time determine that an Eligible Participant may participate in the Plan and make an invitation to that Eligible Participant to apply for any (or any combination of) the Securities provided under the Plan on such terms and conditions as the Board decides. On receipt of an invitation, an Eligible Participant may apply for the Securities the subject of the invitation by sending a completed application form to the Company. The Board may accept an application from an Eligible Participant in whole or in part. If an Eligible Participant is permitted in the invitation, the Eligible Participant may, by notice in writing to the Board, nominate a party in whose favour the Eligible Participant wishes to renounce the invitation.
Grant of Securities	The Company will, to the extent that it has accepted a duly completed application, grant the Participant the relevant number and type of Securities, subject to the terms and conditions set out in the invitation, the Plan rules and any ancillary documentation required.
Rights attaching to Convertible Securities	A Convertible Security represents a right to acquire one or more Plan Shares in accordance with the Plan (for example, an Option or a Performance Right). Prior to a Convertible Security being exercised, the holder: (a) does not have any interest (legal, equitable or otherwise) in any Share the subject of the Convertible Security other than as expressly set out in the Plan;

	(b) is not entitled to receive notice of, vote at or attend a meeting of the shareholders of the Company; (c) is not entitled to receive any dividends declared by the Company; and (d) is not entitled to participate in any new issue of Shares (see Adjustment of Convertible Securities section below).
Restrictions on dealing with Convertible Securities	Convertible Securities issued under the Plan cannot be sold, assigned, transferred, have a security interest granted over or otherwise dealt with unless in Special Circumstances as defined under the Plan (including in the case of death or total or permanent disability of the holder) with the consent of the Board in which case the Convertible Securities may be exercisable on terms determined by the Board. A holder must not enter into any arrangement for the purpose of hedging their economic exposure to a Convertible Security that has been granted to them.
Vesting of Convertible Securities	Any vesting conditions applicable to the Convertible Securities will be described in the invitation. If all the vesting conditions are satisfied and/or otherwise waived by the Board, a vesting notice will be sent to the Participant by the Company informing them that the relevant Convertible Securities have vested. Unless and until the vesting notice is issued by the Company, the Convertible Securities will not be considered to have vested. For the avoidance of doubt, if the vesting conditions relevant to a Convertible Security are not satisfied and/or otherwise waived by the Board, that security will lapse.
Forfeiture of Convertible Securities	Convertible Securities will be forfeited in the following circumstances: (a) in the case of unvested Convertible Securities only, where the holder ceases to be an Eligible Participant (e.g. is no longer employed or their office or engagement is discontinued with the Company and any Associated Bodies Corporate (as defined in the Corporations Act) (the Group); (b) where a Participant acts fraudulently, dishonestly, negligently, in contravention of any Group policy or wilfully breaches their duties to the Group and the Board exercises its discretion to deem some or all of the Convertible Securities held by a Participant to have been forfeited; (c) where there is a failure to satisfy the vesting conditions in accordance with the Plan; (d) on the date the Participant becomes insolvent; or (e) on the Expiry Date, subject to the discretion of the Board.
Listing of Convertible Securities	Convertible Securities granted under the Plan will not be quoted on the ASX or any other recognised exchange. The Board reserves the right in its absolute discretion to apply for quotation of Convertible Securities granted under the Plan on the ASX or any other recognised exchange.
Exercise of Convertible Securities and cashless exercise	To exercise a security, the Participant must deliver a signed notice of exercise (Exercise Notice) and, subject to a cashless exercise (see next paragraph below), pay the exercise price (if any) to or as directed by the Company, at any time following vesting of the Convertible Securities (if subject to vesting conditions) and prior to the expiry date as set out in the invitation or vesting notice. In the case of Options, subject to the Board's approval, in lieu of paying the aggregate exercise price specified in the Exercise Notice, the Participant may elect a cashless exercise (Cashless Exercise) whereby the Board will issue to the Participant that number of Shares (rounded down

	to the nearest whole number) calculated in accordance with the following formula: $S = O * \frac{(MVS - EP)}{MVS}$ Where: S = number of Shares to be issued on the exercise of the Options. O = number of Options being exercised. MVS = market value of shares, being the volume weighted average price per Share traded on the ASX over the five trading days immediately preceding the date of exercise. EP = Exercise Price of the Options. For the avoidance of doubt, if the sum of the above calculation is zero or negative, then the holder will not be entitled to use Cashless Exercise. Convertible Securities may not be exercised unless and until that security has vested in accordance with the Plan rules, or such earlier date as set out in the Plan rules.
Timing of issue of Shares and quotation of Shares on exercise	Within five business days after the issue of a valid notice of exercise by a Participant, the Company will issue or cause to be transferred to that Participant the number of Shares to which the Participant is entitled under the Plan rules and issue a substitute certificate for any remaining unexercised Convertible Securities held by that Participant.
Restriction periods and restrictions on transfer of Shares on exercise	If the invitation provides that any Shares issued upon the valid exercise of a Convertible Security are subject to any restrictions as to the disposal or other dealing by a Participant for a period, the Board may implement any procedure it deems appropriate to ensure the compliance by the Participant with this restriction. Additionally, Shares issued on exercise of the Convertible Securities are subject to the following restrictions: (a) if the Company is required but is unable to give ASX a notice that complies with section 708A(5)(e) of the Corporations Act, Shares issued on exercise of the Convertible Securities may not be traded until 12 months after their issue unless the Company, at its sole discretion, elects to issue a prospectus pursuant to section 708A(11) of the Corporations Act; (b) all Shares issued on exercise of the Convertible Securities are subject to restrictions imposed by applicable law on dealing in Shares by persons who possess material information likely to affect the value of the Shares and which is not generally available; and (c) all Shares issued on exercise of the Convertible Securities are subject to the terms of the Company's Securities Trading Policy.
Rights attaching to Shares on exercise	All Shares issued upon exercise of Convertible Securities will rank equally in all respects with the then Shares of the Company.
Change of control	If a change of control event occurs (being an event which results in any person (either alone or together with associates) owning more than 50% of the Company's issued capital), the Board may in its discretion determine the manner in which any or all of the holder's Convertible Securities will be dealt with, including, without limitation, in a manner that allows the holder to participate in and/or benefit from any transaction arising from or in connection with the change of control event. The Board may specify in the Invitation how the Convertible Securities will be treated on a change of control event occurring, or the Board determining that such event is likely to occur, which may vary depending upon

	circumstances in which the Participant becomes a leaver and preserve some or all of the Board's discretion under this rule.
Participation in entitlements and bonus issues	Subject always to the rights under the following two paragraphs, Participants will not be entitled to participate in new issues of capital offered to holders of Shares such as bonus issues and entitlement issues.
Adjustment for bonus issue	If Shares are issued by the Company by way of bonus issue (other than an issue in lieu of dividends or by way of dividend reinvestment), the Participant is entitled, upon exercise of the Convertible Securities, to receive an issue of as many additional Shares as would have been issued to the holder if the holder held Shares equal in number to the Shares in respect of which the Convertible Securities are exercised.
Reorganisation	If there is a reorganisation of the issued share capital of the Company (including any subdivision, consolidation, reduction, return or cancellation of such issued capital of the Company), the rights of each Participant holding Convertible Securities will be changed to the extent necessary to comply with the ASX Listing Rules applicable to a reorganisation of capital at the time of the reorganisation.
Buy-Back	Subject to applicable law, the Company may at any time buy-back Securities in accordance with the terms of the Plan.
Employee Share Trust	The Board may in its sole and absolute discretion use an employee share trust or other mechanism for the purposes of holding Convertible Securities for holders under the Plan and delivering Shares on behalf of holders upon exercise of Convertible Securities.
Amendment of Plan	Subject to the following paragraph, the Board may at any time amend any provisions of the Plan rules, including (without limitation) the terms and conditions upon which any Securities have been granted under the Plan and determine that any amendments to the Plan rules be given retrospective effect, immediate effect or future effect. No amendment to any provision of the Plan rules may be made if the amendment materially reduces the rights of any Participant as they existed before the date of the amendment, other than an amendment introduced primarily for the purpose of complying with legislation or to correct manifest error or mistake, amongst other things, or is agreed to in writing by all Participants.
Plan duration	The Plan continues in operation until the Board decides to end it. The Board may from time to time suspend the operation of the Plan for a fixed period or indefinitely and may end any suspension. If the Plan is terminated or suspended for any reason, that termination or suspension must not prejudice the accrued rights of the Participants. If a Participant and the Company (acting by the Board) agree in writing that some or all of the Securities granted to that Participant are to be cancelled on a specified date or on the occurrence of a particular event, then those Securities may be cancelled in the manner agreed between the Company and the Participant.
Income Tax Assessment Act	The Plan is a plan to which Subdivision 83A-C of the <i>Income Tax Assessment Act 1997</i> (Cth) applies (subject to the conditions in that Act) except to the extent an invitation provides otherwise.

2 Valuation

Valuation Methodology

2.1 AASB 2, paragraph 10 states:

"For equity settled share-based payment transactions, the entity shall measure the goods and services received, and the corresponding increase in equity, directly, at the fair value of the goods or services received, unless that fair value cannot be estimated reliably."

2.2 Where the fair value of goods and services received cannot be estimated reliably, including for transactions with employees and others providing similar services, the entity should measure the value based on the fair value of the equity instruments at the grant date. To achieve this, a valuation technique that indicates what the price of those equity instruments would have been on the grant date in an arm's length transaction between knowledgeable, willing parties is used. The valuation technique must be consistent with generally accepted valuation methodologies for pricing financial instruments.

2.3 The Performance Rights were issued for nil consideration and no consideration will be payable upon exercise. Therefore, the Performance Rights are analogous to zero-exercise price warrants¹.

Class A Performance Rights

2.4 The VWAP condition to which the Class A Performance Rights are subject is a market condition. The value impact of a market condition should be included in the fair value determination at the grant date. Accordingly, Monte Carlo simulations were used to incorporate a probability-based value impact of the market condition in the fair value of the Class A Performance Rights.

2.5 Using Monte Carlo simulation, we simulated daily share prices of BCM from the assumed grant date (refer to paragraph 2.12) to the assumed vesting deadline (refer to paragraph 2.14) over 100,000 iterations, using trading day increments. Based on the simulated share prices, we calculated the 20-day VWAPs as at each trading day in the period.

2.6 For the valuation purpose, we assumed all vested Class A Performance Rights will be converted immediately on meeting the vesting condition.

2.7 In iterations where the market condition was met, the value of a Class A Performance Right was the simulated share price as at the date the vesting condition was met, discounted to present value (at the risk-free rate). For iterations where the condition was not met, the value was zero.

2.8 The fair value of the Class A Performance Rights was assessed as the average simulated value over 100,000 iterations.

Class B Performance Rights and Class C Performance Rights

2.9 The Class B Performance Rights and Class C Performance Rights (collectively, the **"Non-Market Performance Rights"**) are subject to non-market conditions. Under AASB 2, non-market vesting conditions should not be accounted for when determining the fair value at the grant date. Instead, a non-market vesting condition should be taken into account by adjusting the number of Non-Market Performance Rights included in the measurement of the transaction amount so that, ultimately, the amount recognised for the goods and services received as consideration for the equity instruments granted shall be based on the number of Non-Market Performance Rights that eventually vest. We provide further commentary on the accounting treatment for the Non-Market Performance Rights at paragraph 2.30 below.

2.10 The Black Scholes option valuation methodology was used to value the Non-Market Performance Rights. This methodology was used with the expectation that the majority of the Performance Rights will be exercised towards the end of their term, and therefore a European option pricing model is appropriate.

¹ We note the Performance Rights are written by the Company and on exercise new shares will be issued, as opposed to being transferred by an existing shareholder. Accordingly, the Performance Rights are considered to be "warrants" as typically defined internationally (we note conventional use of the terms "options" and "warrants" differs in Australia) and will have a dilutive effect if exercised.

SCHEDULE 4 – TERMS AND CONDITIONS OF OPTIONS

1.	Entitlement	Each Option entitles the holder to subscribe for one Share upon exercise of the Option.
2.	Exercise Price	Subject to paragraph 9, the amount payable upon exercise of each Option will be \$0.04 (Exercise Price).
3.	Expiry Date	Each Option will expire at 5:00 pm (AWST) on 1 October 2028 (Expiry Date).
4.	Exercise Period	The Options are exercisable at any time on or prior to the Expiry Date (Exercise Period).
5.	Exercise Notice	The Options may be exercised during the Exercise Period by notice in writing to the Company in the manner specified on the Option certificate (Exercise Notice) and payment of the Exercise Price for each Option being exercised in Australian currency by electronic funds transfer or other means of payment acceptable to the Company.
6.	Exercise Date	An Exercise Notice is only effective on and from the later of the date of receipt of the Exercise Notice and the date of receipt of the payment of the Exercise Price for each Option being exercised in cleared funds (Exercise Date).
7.	Timing of issue of Shares on exercise	Within five Business Days after the Exercise Date, the Company will: (a) issue the number of Shares required under these terms and conditions in respect of the number of Options specified in the Exercise Notice and for which cleared funds have been received by the Company; (b) if required, give ASX a notice that complies with section 708A(5)(e) of the Corporations Act, or, if the Company is unable to issue such a notice, lodge with ASIC a prospectus prepared in accordance with the Corporations Act and do all such things necessary to satisfy section 708A(11) of the Corporations Act to ensure that an offer for sale of the Shares does not require disclosure to investors; and (c) if admitted to the official list of ASX at the time, apply for official quotation on ASX of Shares issued pursuant to the exercise of the Options. If a notice delivered under 7(b) for any reason is not effective to ensure that an offer for sale of the Shares does not require disclosure to investors, the Company must, no later than 20 Business Days after becoming aware of such notice being ineffective, lodge with ASIC a prospectus prepared in accordance with the Corporations Act and do all such things necessary to satisfy section 708A(11) of the Corporations Act to ensure that an offer for sale of the Shares does not require disclosure to investors.
8.	Shares issued on exercise	Shares issued on exercise of the Options rank equally with the then issued shares of the Company.
9.	Reorganisation	If there is a reorganisation of the issued share capital of the Company (including any subdivision, consolidation, reduction, return or cancellation of such issued capital of the Company), the rights of the holder will be changed to the extent necessary to comply with the ASX Listing Rules applicable to a reorganisation of capital at the time of the reorganisation.

10.	Participation in new issues	There are no participation rights or entitlements inherent in the Options and holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options without exercising the Options.
11.	Change in exercise price/Adjustment for rights issue	An Option does not confer the right to a change in Exercise Price or a change in the number of underlying securities over which the Option can be exercised.
12.	Transferability	The Options are transferable subject to any restriction or escrow arrangements imposed by ASX or under applicable Australian securities laws.
