SEPTEMBER 2025 QUARTERLY ACTIVITIES REPORT

Eastern Metals Limited (**ASX: EMS**) ("**Eastern Metals**" or "the **Company**") is pleased to present its Quarterly Report for the period ending 30 September 2025.

Eastern Metals entered the September Quarter focussed on further advancing the Raptor Resources transaction. The Company will continue to update shareholders as key milestones are achieved.

CORPORATE ACTIVITIES OVERVIEW

- Further progress on the proposed acquisition of Raptor Resources Limited
- Sale of Browns Reef Project for an immediate cash deposit of \$200,000 with the balance of \$1,300,000 in AGC ordinary shares paid on completion.

EXPLORATION UPDATE

COBAR PROJECT, EL6321 Browns Reef, NSW

Browns Reef (EL6321) is an 'advanced exploration project' located 5km west of Lake Cargelligo in the southern Cobar Basin, NSW.

ARUNTA PROJECT, NT

The Arunta Project, which is located in the Northern Territory east of the Stuart Highway between Alice Springs and Tennant Creek near the township of Barrow Creek, comprises two groups of tenements, 'Neutral Junction' in the north and 'Adnera Hill' to the south.

During the September 2025 quarter, Eastern Metals maintained all its tenements in good standing.

CAPITAL RAISING

Raptor Resources Limited

As announced on 24 April 2025 the Company entered a non-binding commercial term sheet in respect of a proposed transaction under which the Company would acquire all the issued capital in Raptor Resources Limited ("RRL" or "Raptor") subject to certain terms and conditions.

As announced on 11 July 2025, the Company and RRL continued to advance that transaction, however via a revised transaction structure involving the Company acquiring all the issued capital of RRL via a takeover bid or scheme of arrangement on account of RRL continuing to be a public company with more than 50 members.

Furthermore, the Company advised that the proposed terms of the capital raising had been modified, such that a minimum of \$4,000,000 and a maximum of \$5,000,000 (both before costs) will be raised through the issue of shares at \$0.02 per Company share via a placement to sophisticated and professional investors (after an anticipated one for two share consolidation).

This capital raising requires the approval of shareholders and these resolutions to this effect will be put to shareholders at the general meeting convened to be held on 7 November 2025.

Australian Gold and Copper Ltd (ASX: AGC)

As announced on 5 August 2025, the Company executed a binding tenement sale agreement with Australian Gold and Copper Ltd (ASX: AGC) for the sale of its Browns Reef Project, located adjacent to AGC's existing South Cobar Project in NSW.

The Browns Reef Project comprises four NSW tenements (EL6321, EL9136, EL9180 and EL9565).

This sale requires the approval of shareholders, and resolutions to effect this will be put to shareholders at the same general meeting to approve the Raptor transaction, convened to be held on 7 November 2025.

Under the terms of the Agreement, AGC paid the Company an immediate cash deposit of \$200,000 with the balance of \$1,300,000 in AGC ordinary shares paid on completion of the agreement ("Completion Date"), at an issue price equivalent to AGC's 5-day VWAP prior to the Completion Date.

The cash deposit is non-refundable unless the Company fails to hold a general meeting to approve the tenement sale before 10 November 2025.

Following completion, the Company will make an in-specie distribution of AGC shares to the value of \$700,000 to existing Company shareholders, ahead of the capital raising associated with the Raptor transaction.

The sale is expected to provide an immediate benefit of approximately 0.5 cents per Company share for existing Company shareholders, while retaining their exposure to the Browns Reef Project and any synergies from the combination of this project with AGC's existing South Cobar Project assets.

The Company will retain the balance of \$600,000 in AGC shares, as an ongoing strategic investment which the Company expects will be escrowed for six months.

The sale is expected to be completed following the approval of Company shareholders at the Company general meeting convened to be held on 7 November 2025 to consider this and the Raptor transaction.

The Company remains committed to the Raptor transaction (in the absence of a superior proposal) which values the Company's shares at 1.0 cent each (prior to an anticipated one for two share consolidation) which was the last price that the Company's shares were traded prior to suspension and the price at which the Company raised \$250,000 on 9 May 2025.

General Meeting

To obtain Company shareholder approval for the capital raising, Raptor acquisition, and sale of the Browns Reef Project, the Company's directors have called a general meeting commencing 11:00am (AEDT) 7 November 2025 at Level 7, 1 Martin Place Sydney NSW 2000.

The notice of meeting and accompanying explanatory statement ("Meeting Materials") are available to shareholders electronically and can be viewed and downloaded from:

- the Company's website at <https://easternmetals.com.au/>; and
- the ASX market announcements page <https://www.asx.com.au/markets/company/EMS> under the Company's code "EMS".

The Directors request that all Shareholders intending to vote by proxy, lodge their proxy form prior to 11.00am (AEDT) on Tuesday, 5 November 2025 ("Proxy Cut-Off Time") (recommended). Shareholders are strongly urged to vote by lodging a proxy form prior to the meeting and to appoint the Chair as their proxy.

The Meeting Materials should be read in their entirety. If shareholders are in doubt as to how they should vote, they should seek advice from their professional advisers prior to voting.

FINANCIAL OVERVIEW

Cash position

Eastern Metals held cash reserves at the end of the Quarter of approximately \$288,000.

8.8.1	Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
	Answer: No. The Company expects that it will have legal expenses and other administration costs in the December 2025 quarter of \$867,581 (minimum subscription) to \$983,207 (maximum subscription) in relation to its take-over of Raptor Resources Limited, its capital raising and the sale of its Cobar Project to Australian Gold and Copper Ltd. The Company also expects to have exploration expenditure of \$940,000 (minimum subscription) to \$1,300,000 (maximum subscription) for the remainder of the June 2026 year (subject to shareholder approval on 7 November 2025 of the acquisition of Raptor Resources Limited).	

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: Yes. Company is proposing a capital raising of between \$4 million (minimum subscription) and \$5 million (maximum subscription) in the December 2025 quarter (subject to shareholder approval on 7 November 2025). The Company believes that it is likely that shareholders will approve this capital raising and further believes that once approved, the capital raising will be successful.

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes. The Company expects to be able to continue its operations and to meet its business objectives on the basis that it is proposing to raise between \$4 million (minimum subscription) and \$5 million (maximum subscription) in the December 2025 quarter.

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
