Flynn Gold Limited (ASX: FG1) (Flynn or the Company) is pleased to advise that Managing Director, Neil Marston, will host a live investor webinar on Monday 11th November 2024.

The webinar will include a detailed overview of the latest progress at Flynn's flagship Golden Ridge Gold Project in north-east Tasmania, including the publication of a JORC Exploration Target of 3.5-5.4Mt grading 3.0-4.0g/t Au for 449,000-520,000 ounces of contained gold (see separate ASX Announcement released today, 8 November 2024).

The size and grade of the Exploration Target is conceptual in nature and is therefore an approximation. There has been insufficient exploration to estimate a Mineral Resource, and it is uncertain if further exploration will result in the estimation of a Mineral Resource. The Exploration Target has been prepared and reported in accordance with the 2012 edition of the JORC Code.

The webinar will be held on Monday, 11th November 2024 commencing at 8.00am AWST / 11.00am AEDT.

Investors can register to join the webinar via the following link:
