ASX RELEASE

Lady Lila Mining Lease Granted

Highlights:

- The Department of Mines, Petroleum and Exploration (DMPE) confirm the grant of Lady Lila Mining Lease, M77/1325.

Forrestania Resources Limited (ASX: FRS) ("FRS" or "the Company") is pleased to announce the grant of the Lady Lila Mining Lease M77/1325 which forms part of the Forrestania Project.

Forrestania Resources' Chairman David Geraghty commented:

"The grant of the Lady Lila mining lease adds value to the high-quality gold assets we are consolidating in the Southern Cross region. We'll continue to push forward aggressively in pursuit of our objectives."

This announcement has been authorised for release by the Board of Forrestania Resources.

About Forrestania Resources Limited

Forrestania Resources Limited is an Australian resources company exploring for gold, copper and lithium in the Forrestania, Southern Cross and Eastern Goldfields regions of Western Australia.

The company's Forrestania Project hosts gold and lithium prospects near the historic Bounty gold mine, the Covalent Mt Holland Lithium Mine, and the Flying Fox, and Spotted Quoll nickel mines in the well-endowed southern Forrestania Greenstone Belt.

The Eastern Goldfields tenements are located within the Norseman-Wiluna Greenstone Belt of the Yilgarn Craton, close to Coolgardie, Menzies and Leonora. In total, this includes twelve Exploration Licences and four Exploration Licence Applications, covering a total area of ~1,000km². The tenements are predominantly non-contiguous and scattered over 300km length, overlying or on the margins of greenstone belts.

The Southern Cross Project is in the Southern Cross Greenstone Belt and has significant potential for gold mineralisation.
