¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. Corporate Governance Statement

OVERVIEW

The Company and the Board of Directors are committed to achieving and demonstrating the highest standards of corporate governance and aim to comply with the Corporate Governance Principles and Recommendations set by the ASX Corporate Governance Council.

However, given the current size of both the Company's operations and the Board of Directors, it is not appropriate, cost effective or practical to comply fully with those principles and recommendations. Where a recommendation has not been followed, this fact has been disclosed together with the reasons for the departure.

Consistent with the ASX recommendations, the Company's corporate governance practices are regularly reviewed.

PRINCIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

The respective roles and responsibilities of the Board and management are set out below.

1.1 Board and Management Responsibilities

The Board of Directors is accountable to shareholders for the performance of the Group. In carrying out its responsibilities, the Board undertakes to serve the interest of shareholders honestly, fairly and diligently. The Board's responsibilities are reviewed annually to determine whether any changes are necessary or desirable. The responsibilities of the Board include:

- reporting to shareholders and the market;
- ensuring adequate risk management processes exist and are complied with;
- reviewing internal controls and external audit reports;
- ensuring regulatory compliance;
- monitoring financial performance, including approval of the annual and half-yearly financial reports and liaison with the Company auditors;
- reviewing the performance of senior management;
- monitoring the Board composition, Director selection and Board processes and performance;
- validating and approving corporate strategy;
- reviewing the assumptions and rationale underlying the annual plans; and
- authorising and monitoring major investment and strategic objectives of the Company.

1.2 Appointment of Directors

The background, experience and qualification of a Director are thoroughly assessed prior to appointment. This information is provided to shareholders through announcement to the market and posted in the website.

Information on each Director's background, experience and qualification can be found on pages 14-15 of the Director's Annual Report. Shareholders may rely on this information in relation to re-election of Directors.

1.3 Written Contract of Appointment

The Company issues a formal letter of appointment for new Directors or senior executives setting out the terms and conditions relevant to that appointment and the expectations of the role of the director. The Company also provides a formal induction process which provides key information on the nature of the business and its operations.

1.4 Company Secretary

The decision of appointing or removing the Company Secretary is made by the Board. Each Director and the Company Secretary communicate directly. A Director of the Company also takes on the role of Company Secretary. His major functions are:

- advising the board and committee on governance issues;
- monitoring company policies are followed;
- coordinating and timing despatching of board and committee papers;
- ensuring that the business at Board and committee meetings are accurately captured in the minutes; and
- assisting to organise and facilitate the induction and professional development of directors.

1.5 Diversity

The Company recognizes the benefits of diversity at boards, in senior management and within the organisation generally and recognizes the organisational strengths, deeper problem solving ability and opportunity for innovation that diversity brings to an organisation.

The Company has set up a diversity policy in principle, the Company and the Board are currently not of sufficient size to comply with the recommendation which requires ASX listed entities to establish a diversity policy which includes a requirement that:

- the Board establish measurable objectives for achieving gender diversity; and
- the Board assess annually both the measurable objectives for achieving diversity and the process in achieving them.

The Current female representation in the Company is as follows:

- Employees: 2
- Senior executives: 0
