¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

EV RESOURCES LIMITED

2025 CORPORATE GOVERNANCE STATEMENT

The Board is responsible for establishing the Company's corporate governance framework, the key features of which are set out below. In establishing its corporate governance framework, the Board has referred to the 4th edition of the ASX Corporate Governance Councils' Corporate Governance Principles and Recommendations (**Recommendations**). To the extent applicable, commensurate with the Company's size and nature, the Company has adopted the Recommendations.

The Board seeks, where appropriate, to provide accountability levels that meet or exceed the Recommendations.

The Company's main corporate governance policies and practices are outlined below and further details on the Company's corporate governance procedures, policies and practices are able to be obtained from the Company website at www.evresources.com.au.

This Corporate Governance Statement is current as at 30 June 2025 and has been approved by the Board of EV Resources Limited.

1. ASX Corporate Governance Council Principles and Recommendations

Board of Directors

The Board is responsible for the corporate governance of the Company. The Board develops strategies for the Company, reviews strategic objectives and monitors performance against those objectives. Clearly articulating the division of responsibilities between the Board and management will help manage expectations and avoid misunderstandings about their respective roles and accountabilities.

The Board of the Company is responsible for:

- (i) the overall operation and stewardship of the Company and its subsidiaries;
- (ii) charting the direction, strategies and financial objectives for the Company; and
- (iii) monitoring the implementation of those policies, strategies and financial objectives,

and is committed to protecting and enhancing shareholder values and conducting the Company's business ethically and in accordance with the highest standards of corporate governance.

Under the leadership of the Chairperson, the Board is responsible for setting the strategic direction for the Company, establishing goals for management and monitoring the achievement of these goals.

The Managing Director or Chief Executive Officer is responsible to the Board for the executive and day-to-day management, operation and administration of the Company in accordance with the strategy and policies approved by the Board. The senior management team is responsible to the Managing Director and/or Chief Executive Officer and the Board relative to their particular areas of responsibility. The Managing Director and/or Chief Executive Officer is accountable to the Board for all authority delegated to the position.

The Company Secretary reports directly to the Board and supports the Board by advising on governance matters, monitoring implementation of policy and procedures, co-ordinating and timely despatch of Board papers and ensuring minutes accurately capture the business conducted at Board meetings.

Composition of the Board

Election of Board members is substantially the province of the Shareholders in Shareholder meeting. As the Company's activities develop in size, nature and scope, the composition of the Board and the implementation of additional corporate governance policies and structures will be reviewed.

The Company's Constitution provides that the maximum number of Directors is ten and the minimum number of Directors is three. The Company has four Directors serving on the Board as at 30 June 2025. Detailed biographies of these Directors are provided in the Company's Annual Report.

When a vacancy exists, through whatever cause, candidates for Board positions are nominated by the Remuneration and Nomination Committee for consideration by the Board and the whole Board decides on the recommendations of new directors made by the Committee.

In selecting new members for the Board, regard shall be had to the appropriate skills and characteristics needed by the Board as a whole. The Board shall endeavour to appoint individuals who would provide the mix of director characteristics, diverse experiences and background, perspectives and skills appropriate for the Company.

Potential new Directors are subject to appropriate and prudent background and screening checks prior to appointment. However, given recent appointments and new directors having a well-established profile, the Board has relied on this public record and existing disclosures in the first instance. Checks are also being performed.

Board candidates must stand for election at the next general meeting of shareholders following such appointment, where information is set out to shareholders including; biographical details, other material directorships, any material adverse information revealed by checks and details of interest, position, association or relationship that might have influence.

A letter of appointment is entered into with new directors and contains key terms and conditions relevant to that appointment.

Company's Values

The Board is committed to conducting business in an open and accountable way. The values of the Company are to serve the interests of the shareholders and other stakeholders honestly, fairly, diligently and in accordance with applicable laws.

Ethical Standards

The Board is committed to the establishment and maintenance of appropriate ethical standards and has adopted a Code of Conduct that sets ethical standards to guide and enhance the conduct and behaviour of Directors, Officers, Employees and Consultants. The Code of Conduct is available on the Company's website at www.evresources.com.au.

Independence of the Board

The Board is responsible for the overall governance of the Company. Issues of substance affecting the Company are considered by the Board, with advice from external advisors as required. Each Director must bring an independent view and judgment to the Board and must declare all actual or potential conflicts of interest on an ongoing basis. Any issue concerning a Director's ability to properly act as a Director must be discussed at a Board meeting as soon as practicable, and a Director may not participate in discussions or resolutions pertaining to any matter in which the Director has a material personal interest.

The Company considers that a Director is an independent Director where that Director is free from any business or other relationship that could materially interfere, or be perceived to interfere with, the independent exercise of the Director's judgement. The Company has also assessed the independence of its Directors having regard to the requirements for independence which are set out in Principle 2.3 of the ASX Corporate Governance Principles.

In accordance with the Company's definition of independence, and the materiality thresholds set, the Company has reviewed the positions and associations of each of the 4 Directors and considers that 3 Directors are not independent as follows:

Name	Status	Length of Service to
		30 June 2025
Luke Martino	Independent	7.5 years
Shane Menere	Not Independent	1 month
Adrian Paul	Not Independent	5.25 years
Justin Werner	Not Independent	1 month

The Board will assess the independence of new Directors upon appointment, and the independence of other Directors, as appropriate.

The majority of the Board is not independent. To assist the Directors with independent judgement, it is the Board's policy that if a Director considers it necessary to obtain independent professional advice to properly discharge the responsibility of their office as a director then, provided the Director first obtains approval from the Chairman or independent Directors for incurring such expense, the Company will pay the reasonable expenses associated with obtaining such advice.

Subject to the Chairman's approval (not to be unreasonably withheld), the Directors, at the Company's expense, may obtain independent professional advice on issues arising in the course of their duties.

Board Charter

The functions and responsibilities of the Board are set down in the Company's Board Charter, which has been prepared having regard to the ASX Corporate Governance Principles. A copy of the Company's Board Charter is available on the Company's website at www.evresources.com.au.

Monitoring of Board and Senior Executive Performance

In order to ensure that the Board continues to discharge its responsibilities in an appropriate manner, the performance of the Board and all individual directors is reviewed annually by the Nominations and Remuneration Committee in accordance with the Company's documented Performance Evaluation Criteria (refer Annexure 3 of the Nomination and Remuneration Committee Charter available on the Company's website at www.evresources.com.au). This annexure also includes the process for annually assessing the performance of key executives within the Company. Informal performance evaluations were undertaken during the reporting period.

Board's Role in Risk Management Oversight

The Board's role in risk oversight includes receiving reports from management and the Audit & Risk Committee on a regular basis regarding material risks faced by the Company and applicable mitigation strategies and activities. Those reports detail the effectiveness of the risk management program and identify and address material business risks such as risks relating to conduct of business, regulatory and compliance risks, reputational risks, reporting and IT systems as they relate to business continuity. The Board and its committees consider these reports, discuss matters with management and identify and evaluate any potential strategic or operational risks including appropriate activity to address those risks.

Board Committees

As set out below, the Board has established two standing committees to facilitate and assist the Board in fulfilling its responsibilities. The Board may also establish other committees from time-to-time to assist in the discharge of its responsibilities.

Each committee has the responsibilities described in the relevant committee charter adopted by the Company (which have been prepared having regard to the ASX Corporate Governance Principles). A copy of the charters for the below committees is available on the Company's website at www.evresources.com.au.

Audit and Risk Committee

The purpose of the Committee with respect to audit is to assist the Board of Directors of the Company in fulfilling its corporate governance and oversight responsibilities by monitoring and reviewing:

- the integrity of financial statements;
- the effectiveness of internal financial controls;
- the independence, objectivity and competency of internal and external auditors;
- the policies on risk oversight and management; and
- making recommendations to the Board in relation to the appointment of external auditors and approving the remuneration and terms of their engagement.

The Committee is also to assist the Board in fulfilling its responsibilities relating to the risk management and compliance practices of the Company.

The Company's risk management policy is designed to provide the framework to identify, assess, monitor and manage the risks associated with the Company's business. Main areas of risk include fluctuating commodity prices and exchange rate fluctuation, political and economic climate, exploration and development and continuous disclosure obligations. The Committee gives regular consideration to these matters.

The Company has in place an internal control framework to assist in identifying, assessing, monitoring and managing risk. This framework includes financial reporting, maintenance of and adherence to the Company's continuous disclosure policy and regular operations reports provided by management.

The Group undertakes minerals exploration in Serbia, Austria, Peru and Australia and, as such, faces risks inherent to its business, including economic, environmental and social sustainability risks, which may materially impact the Group's ability to create or preserve value for security holders over the short, medium or long term. The Company does not have a formal equity-based remuneration scheme, however shares and options can be issued as part remuneration. Securities can only be issued to Company

Directors under a resolution at a general meeting of shareholders. The Directors and Senior Executives who participate in equity-based remuneration are prohibited from entering into transactions or arrangements that limit the economic risk of participating in unvested entitlements or entitlements subject to a holding lock.

Diversity

Whilst the Company has not yet formally adopted a Diversity Policy, the Company recognises that a talented and diverse workforce is a key competitive advantage and that success is a reflection of the quality and skills of its people. Diversity assists the business in achieving its objectives and delivering for its stakeholders, by enabling it to attract and retain the most qualified and experienced individuals to the workforce.

The Company's general policy when choosing Employees and Board members is to recruit and manage on the basis of competence and performance regardless of age, nationality, race, gender, religious beliefs, sexuality, physical ability or cultural background.

External and Internal Audit

The Company in Shareholder meetings is responsible for the appointment of the external auditors of the Company, and the Board from time to time will review the scope, performance and fees of those external auditors. The Company ensures that its external auditor attends its Annual General Meeting and is available to answer questions for security holders relevant to the audit.

The Company does not currently have a formal internal audit program in place. The Board has considered whether or not it is appropriate or desirable for the Company to have an internal audit function, having regard to the particular circumstances of the Company and its size. At this stage, the Board is satisfied that the establishment of a formal internal audit function is not warranted on the basis of the Company's current scale. This decision will however be kept under review. The Board ensures compliance with the internal controls and risk management procedures previously mentioned above.

The Managing Director equivalent and Chief Financial Officer (CFO) provide a certification to the Board on the integrity of the Company's external financial reports for the half-year and full year. The Managing Director and CFO also provide assurance to the Board that the declaration provided in accordance with section 295A of the Corporations Act 2001 is founded on a sound system of risk management and internal control, and that the system is operating effectively in all material respects in relation to financial reporting risks.

All periodic corporate reports released to the ASX, including Quarterly Reports, are prepared by accounting consultants, reviewed by senior managers and subject matter experts, reviewed and approved by the Managing Director, CFO and Company Secretary, and finally reviewed and authorised for release to the market by the Board.

In addition, reports such as the Half year and Annual financial reports (and certain performance reports) are audited by our external auditors in accordance with relevant regulations and good governance.

Shareholder Communication Policy

The Board encourages shareholder communication and ensures that shareholders are kept up to date with the Company's activities.

The Company has established procedures to provide shareholders with important information in a timely manner via electronic communication. All information, including financial information, disclosed to the ASX is posted to the Company's website as soon as practicable after release to the market. A copy of the Company's annual report is issued to shareholders who have requested one.
