¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

Corporate Governance Statement

This Corporate Governance Statement is current as at 23 September 2025 and has been approved by the Board of the Company on that date.

This Corporate Governance Statement discloses the extent to which the Company follows the recommendations set by the ASX Corporate Governance Council in its publication Corporate Governance Principles and Recommendations – 4th Edition (**Recommendations**). The Recommendations are not mandatory, however the Recommendations that will not be followed have been identified and reasons provided for not following them along with what (if any) alternative governance practices the Company intends to adopt in lieu of the recommendation.

The Board of Directors of the Company (**Board**) are committed to achieving and maintaining high standards of performance and corporate governance. The Company's practices are largely consistent with the Recommendations. The Board considers that the implementation of a small number of Recommendations is not appropriate, for the reasons set out below in relation to the items concerned. The Board uses its best endeavours to ensure that exceptions to the Recommendations do not have a negative impact on the Company and the best interests of shareholders as a whole.

The directors of the Company (**Directors**, being either Non-Executive Directors or Executive Directors) are responsible to the shareholders for the performance of the Company in both the short and the longer term and seek to balance sometimes competing objectives in the best interests of the Company as a whole. Their focus is to enhance the interests of shareholders and other key stakeholders and to ensure the Company is properly managed.

The Company's main corporate governance policies and practices are summarised below, having regard to the Recommendations. Details of the Company's corporate governance plan and related documents are available online at <https://www.pioneerlithium.com.au/about-us/corporate-governance/>

ASX Corporate Governance Principle/Recommendation	Comply	Particulars of Compliance and If Not Why Not
Principle 1 - Lay solid foundations for management and oversight		
Recommendation 1.1 (a) A listed entity should have and disclose a board charter which sets out the respective roles and responsibilities of the Board, the Chair and management, and includes a description of those matters expressly reserved to the Board and those delegated to management.	Yes	The Board has adopted a formal charter that details the functions and responsibilities of the Board, Chair and management (Board Charter) and includes a description of those matters expressly reserved to the Board and those delegated to management. As provided for in the Board Charter, the Board is responsible for all matters relating to the running of the Company, and more specifically, all matters relating to the policies, practices, management and operations of the Company. The detail of some board functions will be handled through Board Committees as and when the size and scale of operations requires such Committees. However, the Board as a whole is responsible for determining the extent of the powers residing in each Committee and is ultimately responsible for accepting, modifying or rejecting Committee recommendations. The responsibilities of the Board as a whole, the Chair, individual Directors and the functions delegated to senior management are set out in more detail in Part A of the Company's Board Charter, which is available on the Corporate Governance page of the Company's website https://pioneerlithium.com.au/governance.html.
Recommendation 1.2 A listed entity should: (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	Yes	The Company has guidelines for the appointment and selection of the Board and senior executives in its Corporate Governance Plan. The Board considers nominations for appointment or election of Directors that may arise from time to time, having regard to the skills and experience required by the Company and procedures outlined in the Company's constitution and the <i>Corporations Act 2001</i> (Cth). The Company undertakes appropriate checks before appointing a person, or putting forward to shareholders a candidate for election, as a Director. Candidates are assessed through interviews, meetings and background and reference checks (which may be conducted both by external consultants and by Directors) as appropriate. The Company gives shareholders all material information in its possession relevant to the decision whether or not to elect or re-elect a Director, either in the notice of meeting and explanatory statement for the relevant meeting of shareholders which addresses the election or re-election of the Director, or by including in the notice a clear reference to the location on the Company's website, Annual Report or other document lodged with ASX where the information can be found.

ASX Corporate Governance Principle/Recommendation	Comply	Particulars of Compliance and If Not Why Not
Recommendation 1.3 A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	Yes	The Company's Board Charter requires that the Company must have a written agreement with each Director and senior executive setting out the terms of their appointment. Each Non-Executive Director receives a letter formalising their appointment and outlining the material terms of their appointment. The Non-Executive Directors of the Company have not been appointed for a fixed term. Each Non-Executive Director has signed a letter of appointment. The Executive Director has signed executive services agreements and/or consultancy agreements setting out their respective duties, obligations and remuneration. The Company has written agreements with each of its Directors and senior executives.
Recommendation 1.4 The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	Yes	The Board Charter outlines the roles, responsibility and accountability of the Company Secretary. The Company Secretary is accountable to the Board, through the Chair, on all matters to do with the proper functioning of the Board and reports directly to the Chair as the representative of the Board.

ii. if the entity is a “relevant employer” under the Workplace Gender Equality Act, the entity’s most recent “Gender Equality Indicators”, as defined in and published under the Act. If the entity was in the S&P / ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period. The measurable diversity objectives for each financial year (if any), and the Company’s progress in achieving them, will be detailed in the Company’s Annual Reporting. Given the current size of the Board and small number of employees, the Company has not set measurable objectives for the current reporting period, and does not intend to set measurable objectives in the coming year because: (i) the Board does not anticipate there will be a need to appoint a large number of senior executives due to the limited nature of the Company’s existing and proposed activities and the Board’s view that the existing Directors and senior executives have sufficient skill and experience to carry out the Company’s plans, with the use of contractors to assist the Company with its planned operations; (ii) if it becomes necessary to appoint any new Directors or senior executives, the Board will consider the application of the measurable diversity objectives and determined whether, given the small size of the Company and the Board, requiring specified objectives to be met will unduly limit the Company from applying the Diversity Policy as a whole and the Company’s policy of appointing the best person for the job; (iii) the Company’s general policy when choosing Employees and Board members is to recruit and manage on the basis of competence and performance regardless of age, nationality, race, gender, religious beliefs, sexuality, physical ability or cultural background; and (iv) the respective proportions of men and women on the Board, in senior executive positions and across the whole organisation, is set out below. The Company currently has limited workforce numbers and has been utilising appropriate contractor expertise. The Company intends to transition its workforce as the Company’s operations workforce requirements grow. Board representation: 100% male; and Key senior management representation: 100% male. Due to workforce numbers, the Company is not a ‘relevant employer’ under the Workplace Agenda Quality Act. It is the Company’s intention to continue to monitor this matter as the Company matures.

Recommendation 1.6 A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period. These reviews will be carried out in accordance with the Company's Performance Evaluation Policy, which is available on the Company's website. The Board has assessed the current and future needs of the Company, and has set expectations for itself, its committees and its Directors. The Remuneration and Nomination Committee (which is currently a function of the Board) will conduct the Board and Committee performance reviews against these expectations. Based upon the reviews, individuals and groups will be provided with feedback on their performance and the results will provide a key input into the future expectations set by the Board. A performance evaluation of the Board, individual directors, senior executives and various Board committees, was completed informally with respect to the financial year ended 30 June 2025. The duties of the full Board in its capacity as a nomination committee are set out in the Company's Remuneration and Nomination Committee Charter. When the Board meets as a remuneration and nomination committee it carries out those functions which are delegated to it in the Company's Remuneration and Nomination Committee Charter. Items that are usually required to be discussed by a Remuneration and Nomination Committee are marked as separate agenda items at Board meetings when required. The Board has adopted a Remuneration and Nomination Committee Charter which describes the role, composition, functions and responsibilities of a Nomination Committee. The Board, as a whole, reviews the size, structure and composition of the Board including competencies and diversity, in addition to reviewing Board succession plans and continuing development. At present, the Board considers that no efficiencies or other benefits would be gained by establishing a separate nomination committee.

Yes	The Board is structured to facilitate the effective discharge of its duties and to add value through its deliberations. It seeks to achieve a Board composition with a balance of diverse attributes relevant to the Company's operations and markets, including skills sets, background, gender, geography and industry experience. A profile of each Director setting out their skills, experience and period of office is set out in the Directors' Report section of the Annual Report. The Company has a Board skill matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership, which currently includes geological, project development, commercial, financial and capital markets knowledge. The Board undertook an evaluation of the skills matrix during FY2025 to ensure that the Board's skills satisfy the ongoing skills and experience needed to execute the Company's business strategy and to identify any gaps in the skills and experience of the Board. 		The Board considers that its current composition, and that throughout FY2025, to be appropriate given the speculative nature of the Company's business, and its limited scale of activities and the skills and experience that the current directors bring to the Board, means the Company only needs, and can commercially sustain, a small Board of three Directors. The Company will continue to monitor the Board composition to ensure the appropriate skills to lead the Company with its development strategies and complement those of the existing team.
Recommendation 2.5 The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.	Yes	The Board Charter provides that, to the extent possible, the Chair of the Board should be an independent Director and should not be the Managing Director/CEO. The Chairperson of the Company is Mr Agha Shahzad Pervez who is an independent Director. Mr Michael Bevan is the CEO

The Code of Conduct sets out policies in relation to various corporate and personal behaviour including safety, discrimination, respecting the law, anti-corruption, interpersonal conduct and conflict of interest. While the Code of Conduct seeks to prescribe standards of behaviour for all Company personnel to observe, it does not, and understandably cannot, identify every ethical issue that an individual might face. The Code of Conduct's objective is to provide a framework for decisions and actions in relation to ethical conduct in employment, to safeguard the Company's reputation and to make clear the consequences of breaching the Code of Conduct. Any material breaches of the Code of Conduct will be reported by the Company Secretary to the Board. A copy of the Company's Code of Conduct is available on the Company's website

Recommendation 8.2 A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.	Yes	The Corporate Governance Plan and Board Charter sets out the policies and practices of the remuneration of Non-Executive Directors, Executive Directors and other senior executives. The Company has disclosed its policies and practices regarding the remuneration of Directors and senior executives in the remuneration report contained in the Company's Annual Report. Non-Executive Directors are typically paid a fixed annual fee for their service to the Company, but are also able to participate in the Company's incentive schemes at the invitation of, and complete discretion of the Board. All Executive Directors of the Company typically receive remuneration comprising a base salary component and other fixed benefits based on the terms of their respective employment agreements with the Company and potentially the ability to participate in the Company's long term incentive plans.
Recommendation 8.3 A listed entity which has an equity-based remuneration scheme should: (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and (b) disclose that policy or a summary of it.	Yes	The Company has adopted the Performance Rights and Options Plan. The Company prohibits the use of Derivatives in relation to unvested equity instruments, including performance share rights, and vested Company Securities that are subject to disposal restrictions (such as a 'Holding Lock'). This is in line with the requirements of the <i>Corporations Amendment (Improving Accountability on Director and Executive Remuneration) Act 2011</i> (Cth), and is intended to prevent transactions which could have the effect of distorting the proper functioning of performance hurdles or reducing the intended alignment between management's and shareholders' interests. Derivatives may however be used in relation to vested positions which are not subject to disposal restrictions subject to compliance with the law and the other provisions of the Company's Trading Policy The Trading Policy is available on the Company's website.
