¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

CORPORATE GOVERNANCE STATEMENT

This statement reports on the main corporate governance practices of Australian Rare Earths Limited (“Company”) as of 19 September 2024 and has been approved by the Board of the Company.

It is the responsibility of the Board of Directors of the Company to monitor the business affairs of the Company and to protect the rights and interests of the shareholders. The Board believes that high standards of corporate governance are an essential prerequisite for creating sustainable value for shareholders.

This statement sets out the Company’s central corporate governance policies and practices. All these practices, unless otherwise stated, were in place for the entire year ended 30 June 2024. The policies and practices are reported against the 4th Edition of the ASX Corporate Governance Council’s Corporate Governance Principles and Recommendations (“Principles and Recommendations”).

- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.*

Recommendation followed. Before the appointment of a senior executive, or putting forward to security holders a candidate for election as a director, the Company undertakes checks which it believes are appropriate to verify a director’s character, experience, education, criminal record, and bankruptcy history and for new directors, including, but not limited to the following:

- Background and reference checking.
- Obtaining information concerning the person’s current and previous positions, directorships, bankruptcy history and any potential conflicts of interest.

- (a) *have and disclose a diversity policy.*
- (b) *through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its Board, senior executives, and workforce generally; and*
- (c) *disclose in relation to each reporting period:*
 - (1) *the measurable objectives set for that period to achieve gender diversity.*
 - (2) *the entity's progress towards achieving those objectives; and*
 - (3) *either:*
 - *the respective proportions of men and women on the Board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or*
 - *if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators," as defined in and published under that Act.*

Recommendation partially followed. The Company has adopted a Diversity Policy that provides a framework for establishing and achieving measurable diversity objectives, including gender diversity. The Diversity Policy allows the Board to set measurable gender diversity objectives if considered appropriate and annually assess the objectives (if any have been set) and the Company's progress in achieving them.

The Diversity Policy is available on the Company's website at www.ar3.com.au

The Company's policy prioritises securing the appropriate skills, knowledge and experience for workforce and Board roles whilst acknowledging the importance of diversity in delivering strong performance for shareholders. The Company at all times seeks to align its management system with its commitment to a culture that values and

achieves diversity. The Company also believes that inclusion should be driven by culture (we want to) rather than by policy (we have to).

The Board and management consider building a diverse and inclusive workforce is paramount to gaining the best insight into the needs of customers and stakeholders. A diversity of perspectives and backgrounds also strengthens creativity and innovation in teams. The Company is aware of the benefits of gender diversity and is committed to ensuring gender diversity is reflected at all levels of the organisation.

Developing further specific measurable gender objectives at this time is premature for the Company. The Company is still in the early stages of mineral resource development and while the timeline for its transition to commercial development is being progressed much remains to be done. AR3 has a very small team of employees and has its specialist work undertaken as required from time to time by specific consultants or contractors. Until such time as its major project moves into construction, commissioning, and commercial production, the Company will have a very limited ability to influence the gender balance and diversity of its broader and temporary workforce.

AR3 will be able to confidently set such objectives during construction and the operational readiness stage when the Company will determine the composition of its workforce.

Notwithstanding this, the Company strives to provide the best possible opportunities for current and prospective employees of all backgrounds in such a manner which reflects the values, principles, and spirit of the Diversity Policy. The Directors also believe that diversity is a relevant consideration for constitution of an effective Board, as discussed at Recommendation 2.2.

The Board will continue to assess the feasibility of any measurable objectives for achieving gender diversity and will annually review any such objectives and the Company's progress towards achieving them. The Board reviews at least annually the relative proportion of women and men appointed or employed within the Company group and reports this in the Company's Corporate Governance Statement each year.

The total proportion of men and women on the Board, in senior positions and across the whole organisation as at 20 June 2024 is listed below:

Category	Total positions	Held by women	Held by Men	% held by women
Board	3	1	2	33%
Senior managers ¹	4	1	3	25%
Other employees	3	2	1	66%
Total organisation	10	4	6	40%

Note 1: A senior manager is defined as reporting directly to the MD.

The Company was not in the ASX S&P 300 Index at the commencement of the reporting period.

The review of the Board's performance also addresses the ability for Directors to access continuing education to update and enhance their skills and knowledge as they relate to the Company's strategy and objectives.

This evaluation is currently conducted annually via a formal self-assessment. The process is managed by the Company Secretary at the direction of the Chairman. From time to time and as deemed necessary, the Company, at the direction of the Chairman, may undertake to have its performance evaluation process facilitated externally.

During the reporting period, a performance evaluation of the Board was undertaken by the Company according to the process described above.

Recommendation 1.7: Senior Executive Performance Assessment

A listed entity should:

- (a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and*
