About New Frontier Minerals

New Frontier Minerals Limited is an Australian-based focussed explorer, with a strategy to develop multi-commodity assets that demonstrate future potential as an economic mining operation. Through the application of disciplined and structured exploration, New Frontier has identified assets deemed core and is actively progressing these interests up the value curve. Current focus will be on advancing exploration activity at the Harts Range Niobium, Uranium and Heavy Rare Earths Project which is circa 140km north-east from Alice Springs in the Northern Territory. Other interests include the NWQ Copper Project, situated in the copper-belt district circa 150km north of Mt Isa in Queensland. New Frontier Minerals is listed on the LSE and ASX under the ticker “NFM”.
