5 March 2025

Appendix 2A – Late Lodgement Notice

Uvre Limited (the **Company**) (ASX: UVA) refers to the issue of 2.5 million shares in the Company on 28 June 2024. The shares were subject to a 6-month voluntary escrow period ending 28 December 2024 and were originally issued to an unlisted class (*see announcement dated 1 July 2024 – Notification regarding unquoted securities – UVA*).

The Company notes that pursuant to Listing Rule 3.10A, it did not notify the ASX of the voluntary escrow period ending within the required time frame, being not less than 5 business days prior to the end of the escrow period and did not lodge the Appendix 2A in a timely manner.

The Company notes that the above were the result of administrative oversight and an Appendix 2A in relation to the quotation of the shares has now been lodged. The Company took immediate action to complete and lodge the Appendix 2A as soon as it became aware of the oversight.

The Company and Directors are aware of the requirements under the ASX Listing Rules, and the Company considers this an isolated incident.

This announcement has been authorised by the Chairman of Uvre Limited.

About Uvre Ltd – Energy Transition Metals Focused Explorer

Uvre is implementing its strategy to become a substantial mineral exploration and development company focused on those metals which are critical to the global energy transition. It aims to acquire, explore and advance projects which meet these criteria while also offering the potential to generate superior financial returns for its shareholders. It aims to apply the specialist skills and experience of its team to unlock the value of these projects, principally through discovery and project development.
