To align with such new facility agreements, on 10 December 2025, the Company entered into (i) the 2026 Australian Entities Framework Bank Guarantee Agreement with the Australian Entities for a term of three years commencing on 1 January 2026 and expiring on 31 December 2028, pursuant to which the Australian Entities and/or their subsidiaries may use overall bank guarantee facilities under the financing facilities entered or to be entered into by the Group; and (ii) the 2026 Premier Coal Framework Bank Guarantee Agreement with Premier Coal for a term of one year commencing on 1 January 2026 and expiring on 31 December 2026, pursuant to which Premier Coal and/or its subsidiaries may use overall bank guarantee facilities under the financing facilities entered or to be entered into by the Group.

The 2025 Premier Coal Framework Bank Guarantee Agreement will expire on 31 December 2025. As set out in the Prospectus, the Company manages certain mines, which are located in Australia, on behalf of the Australian Entities, Premier Coal and/or their subsidiaries. In the ordinary and usual course of business, the Australian Entities, Premier Coal and/or their subsidiaries holding the managed mines may require credit support documents issued by commercial banks or other financiers for their respective business operations. Given the relevant commercial banks or other financiers can issue credit support documents pursuant to existing facility agreements generally within 5 business days after receiving a request, which is a much shorter period of time and simpler process as compared to those required by other financiers to issue credit support documents without an existing facility agreement and the relationship between the Company and the managed mines, as an integral part of the management services rendered by the Company in support of the operation of the managed mines, the Australian Entities, Premier Coal and/or their subsidiaries holding the managed mines will use the overall bank guarantee facilities under the financing facilities entered or to be entered into by the Group and pay the Company bank guarantee fees.

Having considered the reasons set out above and that the Company also receives management fees from the Australian Entities, Premier Coal and/or their subsidiaries in relation to the managed mines, the Company considers that the using of the overall bank guarantee facilities by the Australian Entities, Premier Coal and/or their subsidiaries holding managed mines is in the interest of the Company and the Shareholders as a whole.
