ASX Recommendation	Comply (Yes/No)	Explanation
PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT		
Recommendation 1.1: A listed entity should have and disclose a board charter setting out: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	Yes	The role of the Board is to provide overall strategic guidance and effective oversight of management. As the Board acts on behalf of and is accountable to shareholders, the Board seeks to identify and meet the expectations of shareholders, as well as other regulatory and ethical expectations and obligations. In addition, the Board is responsible for identifying areas of significant business risk and ensuring arrangements are in place to adequately manage those risks. The Board seeks to discharge these responsibilities in a number of ways. The responsibility for the operation and administration of the Company is delegated by the Board to the executive directors and the key management team. The Board ensures that this team is appropriately qualified and experienced to discharge their responsibilities and has in place procedures to assess the performance of the executive directors and the key management team. A copy of the Company's Board Charter is available in Section 1 of the Corporate Governance Charter and is available on the Company's website at https://nimy.com.au/wp-content/uploads/2021/10/Corporate-Governance-Charter-Nimy-Resources-Limited.pdf. The Board Charter lists the specific responsibilities the Board has reserved for itself, in addition to those expressly required under law.
Recommendation 1.2: A listed entity should: (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	Yes	In determining candidates for the Board, consideration is given to the mix of skills, experience, and diversity of the existing Board in addition to the balance of independent Directors. Before appointing a new Director, the Company undertakes appropriate checks such as a character reference, police clearance certificate, bankruptcy check and any other check it deems appropriate. Directors are re-elected in accordance with the Company's Constitution and the ASX Listing Rules. Shareholders will be provided with all material information for a Director's election in the Notice of Meeting that would be relevant for shareholders to make a decision on whether or not to elect or re-elect a Director, such as the Director's qualifications, experience and contribution to the Board.

ASX Recommendation	Comply (Yes/No)	Explanation
PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT (continued)		
Recommendation 1.3: A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	Yes	The Company has entered into letters of appointment with directors and senior executives. These contracts ensure that directors and senior executives have a clear understanding of their roles and responsibilities and of the Company's expectations of them.
Recommendation 1.4: The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the functioning of the board.	Yes	The Company Secretary is appointed and removed by, and is accountable directly to, the Board. The Company Secretary has access to all Board members and the main functions of the role are to assist in advising the Board on governance matters and monitoring compliance with board and committee procedures. The role of the Company Secretary is further summarised in Section 1 of the Company's Board Charter, which is available on the Company's Corporate Governance Charter at https://nimy.com.au/wp-content/uploads/2021/10/Corporate-Governance-Charter-Nimy-Resources-Limited.pdf.
Recommendation 1.5: A listed entity should: (a) have and disclose a diversity policy; (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and (c) disclose in relation to each reporting period: (1) the measurable objectives set for that period to achieve gender diversity;	No	The Company is committed to actively manage diversity as a means of enhancing the Company's performance and maximising its corporate goals by recognising the contributions of diverse skills and talent from its employees. Diversity includes, but is not limited to, gender, age, ethnicity and cultural background. All decisions relating to employees is based strictly on merit, without regard to gender, ethnicity, age, relationship status or any other irrelevant factor not applicable to the position. It is the Board's responsibility and objective to embrace diversity when determining the composition of the Board, senior management and employees. This allows the Company to draw on a variety of qualifications, skills, experience and diversity of gender to maximise the Company's performance. The Board intends to set measurable objectives for achieving diversity, specifically including gender diversity and will review and report on the effectiveness and relevance of these measurable objectives. However, due to the current size of the Board and management, these measurable objectives have not yet been set. Measurable objectives will be considered by the Board when the Company becomes of a size that warrants such objectives. Once established, the Board will review progress against any objectives identified on an annual basis. The Company currently has a total of three Directors who are male.

ASX Recommendation	Comply (Yes/No)	Explanation
PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT (continued)		
Recommendation 1.5 (continued): (2) the entity's progress towards achieving those objectives; and (3) either: (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.		During the 2023 financial year, the Company had no women in senior executive positions or on the Board. A senior executive is defined by the Company as a member of the senior management team as distinct from the Board, being those who have the opportunity to materially influence the integrity, strategy and operation of the Company and its financial performance. Gender Diversity The Board acknowledges the absence of female participation on the Board of Directors. The Board has determined that the composition of the current Board represents the best mix of Directors that have an appropriate range of qualifications and expertise, can understand and competently deal with current and emerging business issues and can effectively review and challenge the performance of management. Whilst the Board of the Company strongly endorses the concept of gender diversity, until the Company's human resource base has grown to a point where fully implementing specific measurable objectives will become more meaningful, the Company will, in accordance with its policy, continue to recruit the best person for each role, regardless of gender, ethnicity, age, relationship status or any other irrelevant factor not applicable to the position. The Company is not a 'relevant employer' under the <i>Workplace Gender Equality Act 2012</i>.

Recommendation 1.6: A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.	Yes	The Company has adopted policies and procedures concerning the evaluation and development of the Board, Board Committees and individual directors. This responsibility is allocated to the Board (in its capacity as the Nomination Committee) and the Nomination Committee Charter is available on the Company's website. Procedures include an internal Board performance assessment, an induction protocol and ongoing discussions with regard to the performance of the Board and its directors. The process employed by the Chairman for evaluating the performance may involve meeting with each Director privately, ongoing observation and discussion by the Board and the circulation of questionnaires. Measures against which the performance of the Board and individual Directors will be evaluated include: • the skills, performance and contribution of individual members of the Board; • the performance and effectiveness of the Board as a whole; • awareness of Directors of their responsibilities and duties as Directors of the Company and of corporate governance and compliance requirements; • awareness of Directors of the Company's strategic direction; and • opportunities for continuing improvement of Board functions. The Executive Director conducts a performance evaluation of the Senior Executives by meeting individually with each Senior Executive at least annually to review performance against the Senior Executive's responsibilities as outlined in his or her contract with the Company. The Board (in its capacity as the Nomination Committee) will arrange a performance evaluation of the senior executives on an annual basis, as appropriate. Given the current size and composition of the Board, the Board believes that there would be no efficiencies gained by establishing a separate Nomination Committee. Accordingly, the Board performs the role of the Nomination Committee. The Board did not officially convene as a Nomination or Remuneration Committee during the 2023 financial year, however nomination and remuneration related discussions occurred from time to time during the year, as required, as part of normal Board meetings. The Company's objective is to have an appropriate mix of expertise and experience on the Board, and where appropriate its committees, so that the Board can effectively discharge its corporate governance and oversight responsibilities. A copy of the Nomination Committee Charter is contained in Section 5 of the Corporate Governance Charter and is available on the Company's website at https://nimy.com.au/wp-content/uploads/2021/10/Corporate-Governance-Charter-Nimy-Resources-Limited.pdf.

The Board accordingly seeks to achieve a balance in its structure that best reflects the needs of the Company at any particular time. Appointment to the Board will be dependent on candidates demonstrating an appropriate breadth of experience in a field of expertise that is relevant to the ongoing supervision of the Company's affairs. This diversity of experience may include a commercial, technical, legal, corporate finance, business development or other background as the Board and management determine as part of its selection processes. The current Board composition addresses these desired skills, with further and full details of each director's skills and experience noted in the Directors' Report of the Company's 2023 Annual Report. The Board continues to assess and monitor this evaluation. The policy and process for the nomination, selection and appointment of new directors is available on the Company's website.

The Board is responsible for ensuring that risks, as well as opportunities, are identified on a timely basis and receive an appropriate and measured response, recognising however that no cost-effective internal control system will preclude all errors and irregularities. The risks identified are monitored on a continual basis and preventative measures are implemented as and when deemed necessary. The Company's risk management framework has been reviewed continually during the financial year ended 30 June 2023 and the Board is satisfied that the risk management framework continues to be sound and confirms that the Company will continue the enhancement of its risk management framework development and monitoring procedures.
Recommendation 7.3: A listed entity should disclose: (a) if it has an internal audit function, how the function is structured and what role it performs; or (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.	Yes	The Company does not currently have an internal audit function. The Board recognises that no cost-effective internal control system will preclude all errors and irregularities. The Company's risk management and internal control system is based upon written procedures, policies and guidelines, an organisational structure that provides an appropriate division of responsibility, and the selection and training of qualified service providers and personnel. The Company policies are designed to ensure strategic, operational, legal, reputation and financial risks are identified, assessed, effectively and efficiently managed and monitored to enable achievement of the Company's business objectives. A number of the Company's activities are also undertaken by external consultants, given the Company's size and level of current activities, coupled with the cost benefit this currently provides the Company.

PRINCIPLE 7: RECOGNISE AND MANAGE RISK (continued)		
Recommendation 7.4: A listed entity should disclose whether it has any material exposure to environmental or social risks and, if it does, how it manages or intends to manage those risks.	Yes	The Company's corporate ethics includes a strong focus on environmental responsibility. This approach is integral to ensuring the long-term sustainability of the Company's mining and exploration operations. An Environmental, Social and Governance Policy has been established to ensure the Company's field operations comply with permits and licenses and have minimal impact on the surrounding environments. A copy of the policy is covered in the Corporate Governance Charter and is available on the Company's website at https://nimby.com.au/wp-content/uploads/2021/10/Corporate-Governance-Charter-Nimby-Resources-Limited.pdf. An important key to the Company's current and future success is open communications with all stakeholders. The Company acknowledges its responsibility towards all stakeholders, including local communities. The Company has also assessed its exposure to economic risks as high on the basis that it has no material income and is reliant on the potential exploration success to raise capital to fund exploration and operating costs and plans. This risk is managed by regularly reviewing future cashflow requirements to ensure that fundraising is performed in a timely manner and that the Company remains in a position to pay its debts as and when they fall due. A copy of the Company's policies on risk oversight and management of material business risks is in the Corporate Governance Charter available on the Company's website at https://nimby.com.au/wp-content/uploads/2021/10/Corporate-Governance-Charter-Nimby-Resources-Limited.pdf.

ASX Recommendation	Comply (Yes/No)	Explanation
PRINCIPLE 8: REMUNERATE FAIRLY AND RESPONSIBLY		
Recommendation 8.1: The board of a listed entity should: (a) have a remuneration committee which: (1) has at least three members, a majority of whom are independent directors; and (2) is chaired by an independent director, and disclose: (3) the charter of the committee; (4) the members of the committee; and (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.	No	The Board has not established a separate Remuneration Committee. Given the current size and composition of the Company, the Board believes that there would be no efficiencies gained by establishing a separate Remuneration Committee. Accordingly, the Board performs the role of Remuneration Committee. The full Board approves all management remuneration including the allocation of options (if any) and involves itself in the nomination, selection and retirement of Directors. No Director may be involved in setting their own remuneration or terms and conditions and in such a case relevant Directors are required to be absent from the full Board discussion. The Board seeks to ensure that collectively its membership represents an appropriate balance between Directors with experience and knowledge of the Company and Directors with an external or fresh perspective. The Board reviews the range of expertise of its members on a regular basis and seeks to ensure that it has operational and technical expertise relevant to the operation of the Company. Directors are re-elected, nominated and appointed to the Board in accordance with the Board's policy on these matters set out in the Remuneration Committee Charter, the Company's Constitution and ASX Listing Rules. The number of meetings and the attendance by each director is set out in the Director's Report section of the 2023 Annual Report. The Company's remuneration philosophy, objectives and arrangements are detailed in the Remuneration Report which forms part of the Directors' Report in the Company's 2023 Annual Report (lodged separately with the ASX).

ASX Recommendation	Comply (Yes/No)	Explanation
PRINCIPLE 8: REMUNERATE FAIRLY AND RESPONSIBLY (continued)		
Recommendation 8.2: A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.	Yes	The Company's policy is to remunerate Non-Executive Directors at a fixed fee for time, commitment and responsibilities. Remuneration for Non-Executive Directors is not linked to individual performance. The maximum aggregate amount of fees (including superannuation payments) that can be paid to Non-Executive Directors is subject to approval by shareholders. There are no termination or retirement benefits for Non-Executive Directors other than for superannuation entitlements. From time to time the Company may permit Non-Executives to participate in equity-based remuneration plans. Executive remuneration consists of a base salary and in some instances, performance incentives. Long term performance incentives may include options, performance rights or other equity-based schemes granted at the discretion of the Board subject to obtaining the relevant approvals. Equity-based plans are designed to recognise and reward efforts as well as to provide additional incentive to continue those efforts for the benefit of the Company and may be subject to the successful completion of performance hurdles. Executives are offered a competitive level of base pay at market rates (for comparable companies), which are reviewed at least annually to ensure market competitiveness. Details of remuneration, including the Company's policy on remuneration, are contained in the Remuneration Report which forms part of the Directors' Report in the Company's 2023 Annual Report (lodged separately with the ASX).
Recommendation 8.3: A listed entity which has an equity-based remuneration scheme should: (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and (b) disclose that policy or a summary of it.	Yes	Under the Company's Securities Trading Policy, Key Management Personnel, which the Company has determined to be Directors, Executives and those employees directly reporting to the Managing Director, are prohibited from entering into transactions or arrangements which limit the economic risk of participating in unvested entitlements under any equity-based remuneration scheme. A copy of the Securities Trading Policy is available in Section 9 of the Corporate Governance Charter available on the Company's website at https://nimy.com.au/wp-content/uploads/2021/10/Corporate-Governance-Charter-Nimy-Resources-Limited.pdf.

ASX Recommendation	Comply (Yes/No)	Explanation

Not applicable	The Company has three directors and all are fluent in English.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
