ANNOUNCEMENT | 26 SEPTEMBER 2024 | ASX: E25

ELEMENT 25 LAUNCHES INVESTOR HUB FOR INVESTOR AND STAKEHOLDER ENGAGEMENT

Element 25 Limited (**E25, Element 25** or **Company**) (**ASX: E25; OTCQX: ELMTF**) today announces the formal launch of our Investor Hub. The Investor Hub is a dedicated platform for investors to learn more about Element 25 and our latest activities during this period of rapid growth for the Company.

In line with our commitment to deliver transparency to all investors, Element 25 will be regularly uploading new content to the hub, including videos accompanying select announcements, education material, interviews and corporate research.

Watch Managing Director, Justin Brown, welcome shareholders to Company's Investor Hub platform:
Investor welcome | Element 25: Global EV Grade Manganese

Element 25 encourages investors to post questions/feedback through the Q&A function accompanying each piece of content and the Element 25 team will endeavour to respond in a timely manner.

How to join the Element 25 Investor Hub

1. Head to https://element25.com.au/auth/signup
2. Follow the prompts to sign up for an Investor Hub account
3. Complete your account profile

From time to time, investors with complete accounts on the Investor Hub may be invited to exclusive Company events and corporate opportunities. We appreciate our shareholder's support and we look forward to updating investors on our progress via the Investor Hub.

ABOUT ELEMENT 25

Element 25 is an ASX-listed company (ASX: **E25**) that operates the world-class 100%-owned Butcherbird Manganese Project in Western Australia and is currently undertaking activities to expand production to approximately 1.1Mtpa[1] of medium-grade high silica manganese ore for use in traditional and new energy markets.

[1] E25 ASX Release dated 23 January 2024

E25 is also commercialising innovative proprietary technology to produce battery-grade high-purity manganese sulphate monohydrate (**HPMSM**) for use in Electric Vehicle (**EV**) battery manufacturing. The Company plans to build it's first HPMSM refinery in Louisiana, USA to produce raw materials for the US EV market, in partnership with General Motors LLC (**GM**) and Stellantis N.V. (**Stellantis**)[2]. E25 aims to become an industry leading, world class, low-carbon battery materials manufacturer.

Company information, ASX announcements, investor presentations, corporate videos, and other investor material in the Company's projects can be viewed at: www.element25.com.au.

This announcement is authorised for market release by Element 25 Limited's Board of Directors.

Competent Persons Statement

The Company confirms that in the case of estimates of Mineral Resource or Ore Reserves, all material assumptions and technical parameters underpinning the estimates in the market announcement dated 29 September 2023 continue to apply and have not materially changed. The Company confirms that it is not aware of any new information or data that materially affects information included in previous announcements, and all material assumptions and technical parameters underpinning the estimates continue to apply and have not materially changed.

Investor Relations Disclaimer

Certain Statements included in this announcement are forward-looking statements concerning Element 25 Limited and its subsidiaries (E25) and its operations, economic performance, financial condition, plans and expectations. Without limiting the foregoing, statements including the words "believes", "anticipates", "plans", "expects", "could", "potential", "should" and similar expressions are also forward-looking statements.

All forward-looking statements are subject to a variety of known and unknown risks, uncertainties and other factors that could cause actual events or results to differ from those expressed or implied, including, without limitation, business integration risks; uncertainty of production, development plans and cost estimates, commodity price fluctuations; political or economic instability and regulatory changes; currency fluctuations, the state of the capital markets, uncertainty in the measurement of mineral reserves and resource estimates, E25's ability to attract and retain qualified personnel and management, potential labour unrest, reclamation and closure requirements for mineral properties; unpredictable risks and hazards related to the development and operation of a mine or mineral or mineral deposit or mineral processing facility that are beyond E25's control, the availability of capital to fund all of the Company's projects and other risks and uncertainties.

You are cautioned that the foregoing list is not exhaustive of all factors and assumptions which may have been used. E25 cannot assure you that actual events, performance or results will be consistent with these forward-looking statements, and management's assumptions may prove to be incorrect. E25's forward-looking statements reflect current expectations regarding future events and operating performance and speak only as of the date hereof and E25 does not assume any obligation to update forward-looking statements if circumstances or management's beliefs, expectations or opinions should change other than as required by applicable law. For the reasons set forth above, you should not place undue reliance on forward-looking statements.
