7 October 2025

September 2025 Quarter Production Update

Quarterly production of 80,890 oz Au, $175 million cash build

Greatland Resources Limited (**Greatland**) is pleased to provide the following preliminary production update for the September 2025 quarter.

- Production of 80,890 oz Au and 3,366 t Cu;
- All-In-Sustaining-Cost (AISC) is still to be finalised and will be reported in the September 2025 Quarterly Activities Report, but is expected to be around the lower end of FY26 guidance;
- FY26 guidance remains 260,000 – 310,000 oz Au at an AISC of $2,400 - $2,800/oz Au;
- Sales of 82,199 oz Au and 3,277 t Cu; and
- Cash at 30 September 2025 of $750 million (30 June 2025: $575 million) and nil debt which represents a cash build of $175 million for the quarter, after capital expenditure[1].

Greatland will release its full September 2025 Quarterly Activities Report on Monday, 27 October 2025. A webcast will be held on the same day, with details to be provided in due course.

This announcement is approved for release by Shaun Day, Greatland's Managing Director.

[1] The Duties Assessment Notice from the Department of Treasury and Finance Revenue WA has been received resulting in $46 million of stamp duty associated with the Telfer-Havieron acquisition to be paid in October 2025 (previously expected to be paid in the September 2025 quarter).

About Greatland

Greatland is a gold and copper mining company listed on the Australian Securities Exchange and London Stock Exchange's AIM Market (ASX:GGP and AIM:GGP) and operates its business from Western Australia.

The Greatland portfolio includes the 100% owned Telfer mine, the adjacent 100% owned brownfield world-class Havieron gold-copper development project and a significant exploration portfolio within the surrounding region. The combination of Telfer and Havieron provides for a substantial and long life gold-copper operation in the Paterson Province in the East Pilbara region of Western Australia.
