# QUARTERLY REPORT

---

**Activities Report for the Quarter Ending  
30<sup>th</sup> September, 2025**

Mt Malcolm Mines NL  
ACN: 646 466 435

Mt Malcolm Mines NL ("Mt Malcolm" or "the Company") is pleased to present its Quarterly Activities Report for the period ending 30 September 2025, highlighting a productive quarter marked by strong drilling results and tangible progress toward exploration advancement across its flagship Malcolm Gold Project in the Eastern Goldfields of Western Australia.

## Highlights: September Quarter 2025

- 2,010 metres of RC drilling completed across the Sunday Picnic (including Sunday Underground Workings and Picnic South) Prospects<sup>1</sup>.
- Drilling confirmed the presence of shallow gold mineralisation beneath historic Sunday workings and continuous shallow gold mineralisation extending over 700 metres at Picnic South Prospect, with results being published subsequent to the end of the quarter, with key intercepts summarised below<sup>2 & 3</sup> :

### Sunday Workings

- 8 m @ 1.20 g/t Au from surface, including 1 m @ 4.05 g/t Au in 25SPRC003
- 5 m @ 1.54 g/t Au from 27 m, including 2 m @ 2.86 g/t Au in 25SPRC006
- 12 m @ 0.64 g/t Au from 10 m, including 4 m @ 1.16 g/t Au in 25SPRC005

### Picnic South

- 8 m @ 0.74 g/t Au from 48 m, including 1 m @ 2.49 g/t Au in 25SPRC010
- 4 m @ 1.37 g/t Au from 63 m, including 1 m @ 3.83 g/t Au in 25SPRC011
- 6 m @ 0.93 g/t Au from 36 m, including 1 m @ 2.37 g/t Au in 25SPRC013

### Dumbarton

The results have highlighted the continuity of gold mineralisation over 700m strike length, providing impetus for future Mineral Resource estimation, and include the following<sup>2</sup>:

- 3 m @ 2.19 g/t Au from 58m including 1 m @ 4.48 g/t Au in 25DBRC004
- 2 m @ 3.03 g/t Au from 59m including 1 m @ 6.51 g/t Au in 25DBRC012
- 1 m @ 1.1 g/t Au in 25DBRC008
- Data review / JORC (2012) Mineral Resource evaluation commenced for Golden Crown, Dumbarton, and Sunday Picnic in collaboration with Dr Spero Carras (Carras Mining Pty Ltd)<sup>4</sup>.
- Mining Lease Application lodged over 15 contiguous tenements consolidating the Sunday Picnic prospect.
- Drilling results highlight near-surface extensive gold mineralisation at Dumbarton and Sunday Picnic prospect, this will be further evaluated for possible open-pit development potential.

1 Mt Malcolm Mines NL (ASX: M2M), RC Drilling Commences at Sunday Picnic – 28 July 2025

2 Mt Malcolm Mines NL (ASX: M2M), Latest Gold Intercepts from RC Drilling Programs at Malcolm – 4 September 2025

3 Mt Malcolm Mines NL (ASX: M2M), Continuous Gold Over 700m at Picnic South – 16 October 2025

4 Mt Malcolm Mines NL (ASX: M2M), Key Step Towards JORC Resources Commenced at Malcolm Project – 29 Sep 2025

# Exploration Activities

## 1.1 Dumbarton Prospect

In May-June 2025 18 RC holes totalling 1,825 metres were completed at Dumbarton, to test strike and down-plunge extensions of the lode system. Drilling results received in this quarter revealed multiple gold mineralised zones over 700-metre strike length, confirming the presence of high-grade gold within quartz-pyrite veins and associated alteration zones. The significant drilling results obtained from the Dumbarton Prospect are presented below in Table 1.

**Table 1. Dumbarton Prospect RC Drilling Significant Intercepts**

| Hole ID   | Easting | Northing | Total depth | RL AHD) | Dip | Azimuth   | From (m)  | To (m)    | Interval (m) | Grade (g/t Au) |
|-----------|---------|----------|-------------|---------|-----|-----------|-----------|-----------|--------------|----------------|
| 25DBRC003 | 354975  | 6796012  | 140         | 362     | -60 | 320       | 76        | 77        | 1            | 0.41           |
|           |         |          |             |         |     |           | 88        | 91        | 3            | 0.33           |
| 25DBRC004 | 354932  | 6796032  | 108         | 365     | -60 | 338       | <b>58</b> | <b>61</b> | <b>3</b>     | <b>2.19</b>    |

| 25DBRC016 | 354551  | 6795815  | 78          | 363     | -60 | 336       | 42        | 43        | 1            | 0.81           |
| 25DBRC017 | 354464  | 6795776  | 84          | 362     | -60 | 335       | 28        | 29        | 1            | 0.35           |
|           |         |          |             |         |     |           | 33        | 36        | 3            | 0.72           |
| 25DBRC018 | 354409  | 6795762  | 78          | 363     | -59 | 342       | 49        | 50        | 1            | 0.31           |

### Notes:

- Easting and Northing coordinates are given in UTM MGA94 Z51.
- Azimuth is relative to the true North.
- Depth, From, To and intervals are downhole metres.
- Dip is relative to horizontal.
- Low cutoff grade of 0.3 g/t Au applied for reporting purposes.
- No high cut applied to gold grades.
- Maximum of 2m of internal continuous sub-grade (<0.3 g/t Au) material

Reverse Circulation (RC) drilling at the Dumbarton Prospect intersected multiple gold-bearing zones across a strike length. Significant results include 3 m @ 2.19 g/t Au from 58 m (including 1 m @ 4.48 g/t Au) in hole 25DBRC004, and 2 m @ 3.03 g/t Au from 59 m (including 1 m @ 6.51 g/t Au) in hole 25DBRC012.

Additional mineralised intervals in other holes (Table 1) further demonstrate the continuity of the lode system. Mineralisation is associated with quartz- carbonate veining within sheared dolerite and basalt. The results confirm consistent shallow gold grades across strike and highlight structural continuity of mineralisation both along strike and down-plunge, warranting further drilling and also supporting ongoing data review and JORC (2012) resource evaluation.

## Interpretation:

The Dumbarton drilling confirmed mineralisation both along strike and down-plunge, confirming a strong link to the known structural trend. The combined results (Figure 1) offers excellent potential for further advancement including ongoing JORC-compliant resource estimation.

Figure 1: Map showing May-June 2025 drilling and existing drill hole collars at Dumbarton Prospect overlaid on TMI background.

## 1.2 Sunday Picnic Prospect (including Sunday Underground and Picnic South)

A combined RC drilling program comprising 22 holes for 2,010 metres was completed across the Sunday Picnic Prospect, covering both the historic Sunday Underground workings and the southern extension of historic Picnic workings known as Picnic South.

### Sunday Underground Workings:

The objective of the 540 m drill programs comprising 8 holes was to confirm the down-dip continuity of gold mineralisation beneath historic stopes, test unmined parallel structures, and extend the mineralised system southwards along strike. Current drilling has confirmed that mineralisation extends well below and beyond these workings.

**Table 2. Sunday Underground RC Drilling Significant Intercepts**

| Hole ID   | Easting | Northing | Total depth | RL AHD | Dip       | Azimuth | From (m) | To (m) | Interval (m) | Grade (g/t Au) |
|-----------|---------|----------|-------------|--------|-----------|---------|----------|--------|--------------|----------------|
| 25SPRC002 | 354326  | 6804812  | 78          | 396    | -60       | 240     | 6        | 7      | 1            | 1.77           |
| 25SPRC003 | 354330  | 6804754  | 54          | 394    | -60       | 240     | 0        | 8      | 8            | 1.2            |
| including |         |          |             |        |           |         | 5        | 8      | 3            | 2.61           |
| 25SPRC003 | 354330  | 6804754  | 54          | 394    | -60       | 240     | 11       | 12     | 1            | 0.58           |
| 25SPRC004 | 354392  | 6804735  | 84          | 394    | -60       | 240     | 30       | 34     | 4            | 1.74           |
| 25SPRC005 | 354399  | 6804692  | 48          | 393    | -60       | 230     | 10       | 22     | 12           | 0.64           |
|           |         |          |             |        | including |         | 16       | 20     | 4            | 1.16           |
| 25SPRC006 | 354450  | 6804655  | 102         | 393    | -60       | 230     | 27       | 32     | 5            | 1.54           |
| including |         |          |             |        |           |         | 28       | 30     | 2            | 2.86           |
| 25SPRC007 | 354461  | 6804623  | 72          | 392    | -60       | 230     | 8        | 9      | 1            | 1.98           |
|           |         |          |             |        |           |         | 24       | 25     | 1            | 0.5            |

### Notes:

- Easting and Northing coordinates are given in UTM MGA94 Z51.
- Azimuth is relative to the true North.
- Depth, From, To and intervals are downhole metres.
- Dip is relative to horizontal.
- Low cutoff grade of 0.3 g/t Au applied for reporting purposes.
- No high cut applied to gold grades.
- Maximum of 2m of internal continuous sub-grade (<0.3 g/t Au) material

## Interpretation:

Results confirm a continuous, shallow mineralised system that extends below the historical Sunday Underground workings. Gold mineralisation is associated with quartz-carbonate-pyrite veins with sericite–chlorite alteration. These veins are intruded in sheared metasediments, dolerite and basalt units. Mineralisation remains open along down-dip. This mineralisation system represents a strong candidate for initial resource estimation.

Figure 2: Plan view of the Sunday shaft, costeans and completed drill holes at historic Sunday underground workings.

## Picnic South

The infill RC drilling program at the Picnic South was successfully completed during the September Quarter with 14 holes drilled for a total of 1,470 m and the results subject to the program being published subsequent to the quarter's end. The program was designed to reduce historical drill spacing from 100 metres to 50 metres across the targeted mineralised corridor, enhance geological confidence and support a potential JORC-compliant Mineral Resource Estimate within a shallow, well-constrained mineralised zone extending along strike (Figure 3).

Drilling was strategically positioned between historical 100-metre spaced lines, effectively tightening coverage to 50-metre centres.

RC drilling returned multiple shallow broad gold intersections confirming the continuity of mineralisation across the prospect. Notable results include 8 m @ 0.74 g/t Au from 48 m, including 1 m @ 2.49 g/t Au (25SPRC010) and 4 m @ 1.37 g/t Au from 63 m, including 1 m @ 3.83 g/t Au (25SPRC011).

**Table 3. Picnic South RC Drilling Significant Intercepts**

| Hole ID   | Easting | Northing | Total depth | RL AHD) | Dip    | Azimuth | From (m)  | To (m) | Interval (m) | Grade (g/t Au) | Gram (m) | Peak Value Au |

**Notes:**

- Easting and Northing coordinates are given in UTM MGA94 Z51.
- Azimuth is relative to the true North.
- Dip is relative to horizontal.
- Depth, From, To and intervals are downhole metres.
- Low cutoff grade of 0.3 g/t Au applied for reporting purposes.
- No high cut applied to gold grades.
- Maximum of 2m of internal continuous sub-grade (<0.3 g/t Au) material

This increased drill density has improved the resolution of geological model and grade continuity, reduced interpolation uncertainty, and provided a more robust dataset for resource modelling. The targeted corridor, which has consistently demonstrated gold mineralisation, now benefits from refined structural and stratigraphic interpretation following completion of the infill program.

The results received reinforces the persistence of near-surface mineralisation hosted within quartz–carbonate–pyrite veining and sericite–chlorite alteration intruded in metasediments, sheared dolerite and basalt.

The drilling results provide a solid foundation for project development.

Figure 3: Plan view of the Picnic South completed drill holes and historic drillholes intercepts.

## ASX additional information

The Company provides the following information pursuant to ASX Listing Rule requirements:

### Related party payments included in the Quarterly cash flow report

In accordance with the ASX Listing Rules, the Company will also lodge its cash flow report for the quarter ended 30 September 2025 today. Included in those cash flows are payments to related parties and their associates as follows:

- Payment of \$70k for Director fees (including superannuation, where applicable) to Messrs Dixon (\$58k) and Downey (\$12k).

### Exploration and Evaluation Expenditures

The Company spent \$772k in cash on exploration and evaluation work in the quarter, which comprised of geology activities for \$395k, tenement rent, rates and other related costs for \$267k, geochemistry and geophysics activities for \$53k, field camp activities and supplies for \$30k, and \$27k on other activities including travel and environmental activities.

The Company also confirms that there was no mine production and development activities for the quarter.

## 2. Malcolm Project Overview

The Malcolm Project, located approximately 10-25 km east of Leonora in the Eastern Goldfields of Western Australia, is wholly owned by Mt Malcolm Mines NL. Covering over 230 square km, the tenement package lies within the highly endowed Norseman–Wiluna Greenstone Belt. This region has a long history of high-grade gold production and remains underexplored in several structural corridors.

The project includes multiple prospects with shallow mineralisation potential, including Golden Crown, Dumbarton, Sunday Picnic, and others. Mt Malcolm's strategy targets structurally controlled gold systems that can support early-stage production through toll treatment and low-capex mining.

Figure 4: The Malcolm Project's location within a Multi Million Oz Gold District.

## What's Next – December Quarter Outlook

M2M plans to advance its exploration programs in the December 2025 quarter, with a focus on

- Plan follow-up drilling programs to expand known mineralisation at high priority brown field prospects including Golden Crown, Dumbarton and Sunday Picnic Prospects.
- Update 3D geological and structural models with addition of recent drilling data.
- Continue working updated data review and on maiden JORC-compliant Mineral Resource Estimates.
- Advance permitting and technical studies for potential trial mining operations.
- Maintain engagement with local stakeholders and landholders in support of ongoing exploration and future developments.

## ASX Announcements – Quarter Ended 30 June 2025

This Quarterly Activities Report contains information extracted from ASX market announcements reported in accordance with the 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves" (2012 JORC Code). Further details (including 2012 JORC Code reporting tables where applicable) of exploration results referred to in this Quarterly Activities Report can be found in the following announcements lodged on the ASX (See Table 4).

**Table 4: Company's ASX Announcements reporting activities during quarter ending September 30th, 2025.**

| Date                       | Title                                                               |
|----------------------------|---------------------------------------------------------------------|
| 28 July 2025               | <i>RC Drilling Commences at Sunday Picnic</i>                       |
| 4 <sup>th</sup> Sept 2025  | <i>Latest Gold Intercepts from RC Drilling Programs at Malcolm</i>  |
| 29 <sup>th</sup> Sept 2025 | <i>Key Step Towards JORC Resources Commenced at Malcolm Project</i> |
| 16 <sup>th</sup> Oct 2025  | <i>Continuous Gold Over 700m at Picnic South</i>                    |

The announcements can be viewed on the Company's website [www.mtmalcolm.com.au](http://www.mtmalcolm.com.au) under the Investor Centre tab.

## Competent Person Statement

*The information in this report that relates to Exploration Results is based on information compiled by Mr. Vivek Sharma, a Competent Person and a full-time employee of the Company who is a Member of The Australasian Institute of Mining and Metallurgy. Mr. Vivek Sharma has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr. Vivek Sharma consents to the inclusion in the report of the matters based on the information compiled by him, in the form and context in which it appears.*

## Forward Looking Statements

*Some of the statements appearing in this announcement may be forward-looking statements. These statements are forward-looking in nature and subject to inherent risks and uncertainties based on current assumptions and are subject to inherent risks and uncertainties. These include factors and risks specific to the industries in which Mt Malcolm Mines NL operates, as well as general economic conditions, prevailing exchange rates, interest rates, and financial market conditions.*

*Specifically, forward-looking statements regarding future plans for the bulk sampling program, resource estimations, and monetisation of stockpiled material are indicative only and subject to revision based on additional data, technical assessments, and market conditions.*

*Actual events or results may differ materially from those expressed or implied in any forward-looking statement. No forward-looking statement is a guarantee or representation of future performance or outcomes. In relying on this ASX announcement and pursuant to ASX Listing Rule 5.32.2, the Company confirms it is not aware of any new information or data that materially affects the information included herein.*

*Mt Malcolm Mines NL confirms that it is not aware of any new information or data that materially affects the information included in any original ASX announcement.*

**This announcement has been authorised by the Board of Mt Malcolm Mines NL.**

| 8.3 | Total relevant outgoings (item 8.1 + item 8.2)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | (1,018)        |
| 8.4 | Cash and cash equivalents at quarter end (item 4.6)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | 192            |
| 8.5 | Unused finance facilities available at quarter end (item 7.5)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | 125            |
| 8.6 | Total available funding (item 8.4 + item 8.5)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | 317            |
| 8.7 | <b>Estimated quarters of funding available (item 8.6 divided by item 8.3)</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | 0.31           |
|     | <i>Note: if the entity has reported positive relevant outgoings (i.e., a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>                                                                                                                                                                                                                                                                                                                                                            |                |
| 8.8 | <p>If item 8.7 is less than 2 quarters, please provide answers to the following questions:</p> <p>8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?</p> <p>Answer:<br/>Operating costs and overheads vary depending on the level of exploration work completed during each Quarter. During the Quarter, the Company had significant exploration programs underway resulting in a high expenditure for the Quarter. The Company expects to have similar cash flows for the foreseeable future.</p> |                |

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

The Company announced a Renounceable Rights Issue on 27 October 2025 seeking to raise up to \$2.3 million (The Rights Issue is underwritten to \$1 million). Refer ASX announcement of that date for further details.

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

The Company will be able to continue normal business operations. The Company has the ability to reduce its discretionary expenditure to reserve cash, including until such time as it finalises any future capital raising options. The directors are also confident that the Group will be successful in raising additional funds through the issue of new equity, should the need arise.

*Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.*

## Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 30 October 2025

Authorised by: Board of Directors  
(Name of body or officer authorising release – see note 4)

## Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – e.g., Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
