

Drilling & Exploration Update | November 2025

Heavy Minerals Sands Targets | Eromanga Basin, South Australia

October activities

- 114 drillholes for 4,072m Nilpinna, Eddy and Douglas Creek tenements
- 1,176m of samples from 3,170m drilled on Nilpinna were collected

November-December plans

- Planning for follow up ground magnetic surveys to identify strandlines
- 393m of high-priority samples submitted for assay to be reported in December

Copper-Gold Porphyry Targets | Macquarie Arc, NSW

Byrock Project, Northern Macquarie Arc, NSW

October activities

- Drill pads and tracks cleared for a 1,500m aircore/RC tail drill program
- Awarded \$80k co-funding grant for T55

November plans

- Drill test seven high-priority Pipe Targets
- Prepare drill pad for T55 Target planned for December drill testing

Theseus Project, Southern Macquarie Arc, NSW

October activities

- Ministerial approval received to transfer tenements from Rimfire Pacific Mining

November plans

- Complete acquisition of three key tenements; AUD\$200k in cash and shares (shares subject to AGM approval)

Silver & Gold Targets | Firenze Project, Nevada, USA

October activities

- Completion of Due Diligence
- Transfer of claims
- Alteration mapping and rock chipping outcropping Silver & Gold veins
- Drone Magnetism geophysical survey

November-December plans

- Completion of acquisition, final payment US\$300k in shares subject to AGM approval
- Specialised fine fraction soil samples
- Further geophysics survey(s), gravity, CSAMT
- Determine drill collars, commence permitting

Gold | Boulder Creek Gold Project, Alaska, USA

October activities

- Recovery of historical drill core & records to Anchorage, Alaska

November-December plans

- Relogging core and digitising of historical data
- Consulting gold expert to review and report
