**About Javelin Minerals Ltd (ASX:JAV)**

Javelin Minerals is an emerging gold producer and explorer with two core projects on the outskirts of Kalgoorlie in Western Australia. At the Eureka Project, mining is scheduled to start in the June quarter of 2026 under a contracting arrangement. This agreement is expected to generate first cashflows for the Company in the September quarter of next year. Eureka has a resource of 110,687oz at 1.69g/t. Javelin also owns the Coogee Gold Project where resources stand at 126,685oz at 1.08g/t. Javelin is actively exploring both projects with the aim of growing the resources.
