Uvre to present at Resources Rising Stars Gold Coast Investor Conference

Uvre Limited (ASX: UVA) is pleased to advise shareholders and investors that major UVA shareholder and Otagold Limited (Otagold) Director, Jason Beckton will present at the Resources Rising Stars Gold Coast Investor Conference being held on Wednesday 17th and Thursday 18th September 2025.

Otagold is the wholly owned subsidiary of Uvre which holds Uvre's 100% interest in its New Zealand brownfields gold projects, following the Otagold acquisition by Uvre in July 2025. Jason was a founder of Otagold and a project generator of the portfolio of brownfields gold projects now owned by Uvre.

Jason will detail Uvre's imminent drilling program at its flagship Waitekauri gold project, which sits in a highly desirable geological location near multi-million-ounce deposits but has barely been explored, and its plans for its brownfields South Island gold projects at Invincible and Oturehua, both of which were historical producing gold mines.

Shareholders and investors can attend the conference either in-person or virtually via the Conference Livestream. There is no charge for investors to attend or to view the live-stream but registration is essential.

Conference location: RACV Royal Pines Resort, Ross St, Benowa QLD 4217

To register:

[Registration in person](#)

[Registration online](#)

A recording of the presentation will be sent to all registered attendees shortly after the conclusion of the presentation via the Online Conference platform and it will be released on the Company's website and other platforms after the event.

It is recommended that online investors pre-register prior to the commencement of the presentation.

A full Conference program can be downloaded from [here](#).

This announcement has been authorised by the Chairman of Uvre Limited.
