

ASX Announcement

22 September 2025

Withdrawal from Bronze Fox JV Mongolia

Orbminco Limited (the “Company” or “OBI”) advises that it has withdrawn from its Mongolian Bronze Fox Joint Venture.

The Company will now focus its immediate exploration efforts and funding on the Majestic North Gold Project in the Eastern Goldfields of Western Australia where recent drill results have demonstrated significant gold (>1g/t Au) mineralisation over more than 1500m of strike, with the system open to the north and south.

OBI is planning its stage 2 drill program at Majestic North as previously announced that is expected to commence in the December Quarter 2025.

This ASX announcement has been approved and authorised for release by the board of Orbminco Limited.

Forward Looking Statements

Certain statements in this document are or maybe “forward-looking statements” and represent Orbminco’s intentions, projections, expectations, or beliefs concerning among other things, future exploration activities. The projections, estimates and beliefs contained in such forward-looking statements necessarily involve known and unknown risks, uncertainties, and other factors, many of which are beyond the control of Orbminco, and which may cause Orbminco’s actual performance in future periods to differ materially from any express or implied estimates or projections. Nothing in this document is a promise or representation as to the future. Statements or assumptions in this document as to future matters may prove to be incorrect and differences may be material. Orbminco does not make any representation or warranty as to the accuracy of such statements or assumptions.

Competent Persons Statement

The exploration results reported herein, as far as they relate to mineralisation, are based on information compiled by Mr. Ralf Kriege. Mr. Kriege is Managing Director of Orbminco Limited and is a Member of the Australasian Institute of Mining and Metallurgy with over 20 years of experience in the field of activity being reported. Mr. Kriege has sufficient experience which is relevant to the styles of mineralisation and types of deposit under consideration and to the activity that he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the ‘Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves’ relating to the reporting of Exploration Results. Mr. Kriege consents to the inclusion in the report of matters based on his information in the form and context in which it appears.
