EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Corporations Act, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2025 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.maronanmetals.com.au.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report to be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Meeting.

3. RESOLUTION 2 – RE-ELECTION OF A DIRECTOR – SIMON BIRD

If this Resolution is not passed, Mr Bird will not continue in their role as an independent Director. 4. RESOLUTION 3 – ELECTION OF A DIRECTOR - MATTHEW HINE

4.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and Listing Rule 14.4, any Director so appointed holds office only until the next annual general meeting and is then eligible for election by Shareholders but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

Independence	If re-elected, the Board considers will be an independent Director.
Other material information	The Company conducts appropriate checks on the background and experience of candidates before their appointment to the Board. These include checks as to a person's experience, educational qualifications, character, criminal record and bankruptcy history. The Company undertook such checks prior to the appointment of Mr Hine.
Board recommendation	Having received an acknowledgement from Mr Hine that they will have sufficient time to fulfil their responsibilities as a Director and having reviewed the performance of Mr Hine since their appointment to the Board and the skills, knowledge, experience and capabilities required by the Board, the Directors (other than Mr Hine) recommend that Shareholders vote in favour of this Resolution.

4.2 Technical information required by Listing Rule 14.1A

If this Resolution is passed, Mr Hine will be elected to the Board as an independent Director.

If this Resolution is not passed, Mr Hine will not continue in his role as an independent Director. The Company may seek nominations or otherwise identify suitably qualified candidates to join the Company. As an additional consequence, this may detract from the Board and Company's ability to execute on its strategic vision.

5. RESOLUTION 4 – APPROVAL OF 7.1A MANDATE

5.1 General

This Resolution seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

5.2 Listing Rule 7.1 and 7.1A

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders

over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Under Listing Rule 7.1A, an Eligible Entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**). An Eligible Entity means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. As of the date of this Notice, the Company's market capitalisation is \$86,538,715. The Company is therefore an Eligible Entity.

5.3 Technical information required by Listing Rule 14.1A

For this Resolution to be passed, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be cast in favour of the Resolution.

If this Resolution is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If this Resolution is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

5.4 Technical information required by Listing Rule 7.3A

REQUIRED INFORMATION	DETAILS
Period for which the 7.1A Mandate is valid	The 7.1A Mandate will commence on the date of the Meeting and expire on the first to occur of the following: (a) the date that is 12 months after the date of this Meeting; (b) the time and date of the Company's next annual general meeting; and (c) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).
Minimum price	Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued for cash consideration at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before: (a) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or (b) if the Equity Securities are not issued within 10 trading days of the date in paragraph (a) above, the date on which the Equity Securities are issued.
Use of funds	The Company intends to use funds raised from issues of Equity Securities under the 7.1A Mandate for the acquisition of new resources, assets and investments (including expenses associated with such an acquisition), continued exploration expenditure on the Company's current assets/or projects (funds would then be used for project, feasibility studies and ongoing project administration), the development of the Company's current business and general working capital.
Risk of economic and voting dilution	Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of Shareholders who do not receive any Shares under the issue. If this Resolution is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing Shares would be as shown in the table below.

REQUIRED INFORMATION	DETAILS																																											
	The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Shares on issue or proposed to be issued as at 7 October 2025. The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 7.1A Mandate.

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.																																												
The table above uses the following assumptions:																																												
1. There are currently 246,967,112 Shares on issue comprising: a. 201,252,826 existing Shares as at the date of this Notice; and b. 45,714,286 Shares which are to be issued pursuant to the Placement.																																												
2. The issue price set out above is the closing market price of the Shares on the ASX on 7 October 2025 (being \$0.43) (Issue Price). The Issue Price at a 50% increase and 50% decrease are each rounded to three decimal places prior to the calculation of the funds raised.																																												
3. The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate.																																												
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1.																																												
5. The issue of Equity Securities under the 7.1A Mandate consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities. If the issue of Equity Securities includes quoted Options, it is assumed that those quoted Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.																																												
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.																																												
7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed.																																												
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.																																												
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A Mandate, based on that Shareholder's holding at the date of the Meeting.																																												
Shareholders should note that there is a risk that: (a) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and																																												

REQUIRED INFORMATION	DETAILS								
	(b) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.								
Allocation policy under 7.1A Mandate	The recipients of the Equity Securities to be issued under the 7.1A Mandate have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company. The Company will determine the recipients at the time of the issue under the 7.1A Mandate, having regard to the following factors: (a) the purpose of the issue; (b) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing Shareholders may participate; (c) the effect of the issue of the Equity Securities on the control of the Company; (d) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company; (e) prevailing market conditions; and (f) advice from corporate, financial and broking advisers (if applicable).								
Previous approval under Listing Rule 7.1A.2	The Company previously obtained approval from its Shareholders pursuant to Listing Rule 7.1A at its annual general meeting held on 11 November 2024 (Previous Approval). 6. RESOLUTIONS 5, 6 7 AND 8 – APPROVAL TO ISSUE OPTIONS TO DIRECTORS

6.1 General

The Company has agreed, subject to obtaining Shareholder approval, to issue an aggregate of 6,000,000 Options (**Options**) to Directors of the Company, Simon Bird, Robert Rutherford, Matthew Hine and Richard Carlton (or their nominee(s)) (**Related Parties**) on the terms and conditions set out below.

Resolutions 5 to 8 seek Shareholder approval for the purposes of Listing Rule 10.11 for the issue of the Options to the Related Parties.

Further details in respect of issue are set out in the table below.

RESOLUTION	RECIPIENT	OPTIONS
Resolution 5	Simon Bird (or their nominee(s))	1,500,000
Resolution 6	Robert Rutherford (or their nominee(s))	1,500,000
Resolution 7	Matthew Hine (or their nominee(s))	1,500,000
Resolution 8	Richard Carlton (or their nominee(s))	1,500,000
Total		6,000,000

6.2 Director recommendation

Each Director has a material personal interest in the outcome of these Resolutions on the basis that all of the Directors (or their nominee(s)) are to be issued Options should these Resolutions be passed. For this reason, the Directors do not believe that it is appropriate to make a recommendation on these Resolutions.

6.3 Chapter 2E of the Corporations Act

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of Options to the Related Parties constitutes giving a financial benefit and each of the Related Parties is a related party of the Company by virtue of being a Director.

The Directors (other than Simon Bird who has a material personal interest in Resolution 5) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue because the agreement to issue the Options, reached as part of the remuneration package for Simon Bird, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

The Directors (other than Robert Rutherford who has a material personal interest in Resolution 6) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue because the agreement to issue the Options, reached as part of the remuneration package for Robert Rutherford, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

The Directors (other than Matthew Hine who has a material personal interest in Resolution 7) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue because the agreement to issue the Options, reached as part of the remuneration package for Matthew Hine, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

The Directors (other than Richard Carlton who has a material personal interest in Resolution 8) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue because the agreement to issue the Options, reached as part of the remuneration package for Richard Carlton, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

6.4 Listing Rule 10.11

Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities to:

- 10.11.1 a related party;
- 10.11.2 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the company;
- 10.11.3 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the company and who has nominated a director to the board of the company pursuant to a relevant agreement which gives them a right or expectation to do so;
- 10.11.4 an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3; or
- 10.11.5 a person whose relationship with the company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders,

unless it obtains the approval of its shareholders.

The issue of Options falls within Listing Rule 10.11.1 and does not fall within any of the exceptions in Listing Rule 10.12. It therefore requires the approval of Shareholders under Listing Rule 10.11.

6.5 Technical information required by Listing Rule 14.1A

If these Resolutions are passed, the Company will be able to proceed with the issue within one month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules). As approval pursuant to Listing Rule 7.1 is not

required for the issue (because approval is being obtained under Listing Rule 10.11), the issue will not use up any of the Company's 15% annual placement capacity.

If these Resolutions are not passed, the Company will not be able to proceed with the issue and may seek alternative forms of remuneration for the Related Parties (which may include cash bonuses or renegotiating the terms of the Options proposed to be issued to the Related Parties on less incentivised terms (and seeking Shareholder approval for the issue of the Options)), potentially misaligning incentives for the Related Parties.

6.6 Technical Information required by Listing Rule 10.13

REQUIRED INFORMATION	DETAILS
Name of the persons to whom Options will be issued	The proposed recipients of the Options are set out in Section 6.1 above.
Categorisation under Listing Rule 10.11	Each of the proposed recipients falls within the category set out in Listing Rule 10.11.1 as they are a related party of the Company by virtue of being a Director. Any nominee(s) of the proposed recipients who receive Options may constitute 'associates' for the purposes of Listing Rule 10.11.4.
Number of Options	The maximum number of Options to be issued (being the nature of the financial benefit proposed to be given) and the allocation between the recipients is set out in the table included at Section 6.1 above.
Terms of Options	The terms and conditions of the Options are set out in Schedule 1.
Date(s) on or by which the Options will be issued	The Options will be issued no later than 1 month after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the Options will occur on the same date.
Price or other consideration the Company will receive for the Options	The issue price of the Options will be nil. The Company will not receive any other consideration in respect of the issue of the Options (other than in respect of funds received on exercise of the Options).
Purpose of the issue, including the intended use of any funds raised by the issue	The purpose of the issue of the Options is to provide a performance linked incentive component in the remuneration package for the Related Parties to motivate and reward the performance of the Related Parties in their roles as Directors and to provide a cost effective way for the Company to remunerate the Related Parties, which will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to the Related Parties.
Consideration of type and quantum of Security to be issued	(a) The Options are unquoted Options; therefore, the issue of the Options has no immediate dilutionary impact on Shareholders. (b) The deferred taxation benefit which is available to the Related Parties in respect of an issue of Options is also beneficial to the Company as it means the Related Parties are not required to immediately sell the Options to fund a tax liability (as would be the case in an issue of Shares where the tax liability arises upon issue of the Shares) and will instead, continue to hold an interest in the Company. (c) It is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Options on the terms proposed. (d) The number of Options to be issued to each of the Related Parties has been determined based upon:

REQUIRED INFORMATION	DETAILS															
	(i) current market standards and/or practices of other ASX listed companies of a similar size and stage of development to the Company; (ii) the remuneration of the Related Parties; and (iii) incentives to attract, ensure continuity of service and retain the service of the Related Parties who have appropriate knowledge and expertise, while maintaining the Company's cash reserves.

7.2 Chapter 2E of the Corporations Act

A summary of Chapter 2E of the Corporations Act is set out in Section 6.3 above.

The issue constitutes giving a financial benefit and Richard Carlton is a related party of the Company by virtue of being a Director.

The Directors (other than Richard Carlton) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue, because the agreement to issue the Performance Rights, reached as part of the remuneration package for Richard Carlton, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

7.3 Listing Rule 10.11

A summary of Listing Rule 10.11 is set out in Section 6.4 above.

The issue falls within Listing Rule 10.11.1 and does not fall within any of the exceptions in Listing Rule 10.12. It therefore requires the approval of Shareholders under Listing Rule 10.11.

7.4 Technical information required by Listing Rule 14.1A

If this Resolution is passed, the Company will be able to proceed with the issue within 1 month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules). As approval pursuant to Listing Rule 7.1 is not required

for the issue (because approval is being obtained under Listing Rule 10.11), the issue will not use up any of the Company's 15% annual placement capacity.

If this Resolution is not passed, the Company will not be able to proceed with the issue and will seek alternative forms of remuneration for Richard Carlton.

7.5 Technical information required by Listing Rule 10.13

8. RESOLUTION 10 – AMENDMENT TO CONSTITUTION

A company may modify or repeal its constitution or a provision of its constitution by special resolution of Shareholders.

Resolution 10 is special resolutions which will enable the Company to amend its existing Constitution (**Amended Constitution**). Details of the proposed amendment are set out below.

Under the new Division 1A of Part 7.12 of the Corporations Act, which came into effect on 1 October 2022, offers under an employee incentive plan that do not require a monetary payment (e.g., zero exercise price options or performance rights) can be issued without an issue cap. However, offers requiring a monetary payment (whether upon grant or upon exercise/vesting of the awards and issue of the underlying shares) must be accompanied by an 'ESS offer document' and must comply with an issue cap. The cap is set at 5% under the Corporations Act unless raised by a company's constitution. A company may include a higher issue cap in its constitution to allow for more than 5% of securities to be issued under the plan.

Accordingly, Resolution 10 seeks Shareholder approval to amend the Company's existing Constitution to increase its issue cap under Division 1A of Part 7.12 of the Corporations Act from 5% to 10%.

A copy of the Amended Constitution is available for review by Shareholders at the office of the Company. A copy of the Amended Constitution can also be sent to Shareholders upon request to the Company Secretary. Shareholders are invited to contact the Company if they have any queries or concerns.

9. RESOLUTION 11 AND 12 – RATIFICATION OF PRIOR ISSUE OF PLACEMENT SHARES

9.1 Background

On 8 October 2025, the Company announced that it had received firm commitments for a placement of 45,714,286 Shares (**Placement Shares**) to professional and sophisticated investors at an issue price of \$0.35 per Share to raise approximately \$16.0 million (**Placement**).

These Resolutions seek Shareholder ratification for the purposes of Listing Rule 7.4 for the issue of the Placement Shares.

Prior to the date of the Meeting, the Company intends to complete the Placement and issue the Placement Shares on 14 October 2025, comprising:

- (a) 28,821,428 Placement Shares to be issued pursuant to the Company's capacity under Listing Rule 7.1 (being, the subject of Resolution 11); and
- (b) 16,892,858 Placement Shares to be issued pursuant to the Company's placement capacity under Listing Rule 7.1A (being, the subject of Resolution 12).

Bell Potter Securities Limited and Veritas Securities Limited are acting as joint lead managers to the Placement (the **Joint Lead Managers**).

9.2 Use of funds

The purpose of the Placement is to raise funds to:

- advance feasibility and environmental studies;
- undertake resource infill, geotechnical and exploration drilling;
- commence early site and development works pending Mineral Development Licence approval; and
- provide general working capital.

9.3 Listing Rules 7.1 and 7.1A

A summary of Listing Rule 7.1 is set out in Section 5.2 above.

Under Listing Rule 7.1A however, an Eligible Entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%. The Company obtained this approval at its annual general meeting held on 11 November 2024. The Company's ability to utilise the additional 10% capacity is conditional on Resolution 4 being passed at this Meeting.

The issue does not fit within any of the exceptions set out in Listing Rule 7.2 and, as it has not yet been approved by Shareholders, it effectively uses up part of the 25% limit in Listing Rules 7.1 and 7.1A, reducing the Company's capacity to issue further equity securities

without Shareholder approval under Listing Rule 7.1 and 7.1A for the 12 month period following the date of the issue.

9.4 Listing Rule 7.4

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue.

9.5 Technical information required by Listing Rule 14.1A
