

Perpetual Appoints Rafael Mottin to the Board

Perpetual Resources Ltd (“Perpetual” or “the Company”) (ASX: PEC) is pleased to announce the appointment of Mr. Rafael Mottin to its Board of Directors, effective immediately.

Mr. Mottin brings a wealth of experience in mineral exploration, project development, and corporate strategy, with a strong focus on mining regulations and operational expertise in Brazil. As a co-founder and leader of several successful mining ventures, including RTB Geology and Mining Co., Mr. Mottin has developed and sold over 15 mineral projects to ASX and TSX-listed companies. His expertise spans gold, iron ore, lithium, and rare earth elements, as well as environmental permitting and stakeholder negotiations.

Mr. Mottin also holds an MBA from the Rotman School of Management at the University of Toronto, with specialised training in global mining management. He has advised multiple resource companies, including Perpetual, on advancing their projects in Brazil, positioning him as an invaluable addition to the Board.

Chairman Julian Babarczy, commented:

“We are delighted to welcome Rafael to the Board. His extensive knowledge of the Brazilian mining sector and proven track record in advancing projects will be instrumental in driving Perpetual’s strategy forward. His appointment underscores our commitment to strengthening our capabilities and unlocking the potential of our international portfolio.”

The Board looks forward to leveraging Mr. Mottin’s leadership and insights as Perpetual continues to execute its growth strategy.

About Perpetual Resources

Perpetual Resources Limited (Perpetual) is an ASX listed company pursuing exploration and development of critical minerals essential to the fulfillment of global new energy requirements.

Perpetual is active in exploring for lithium, rare earth elements (REE) and other critical minerals in the Minas Gerais region of Brazil, where it has secured approximately 12,500 hectares of highly prospective lithium and REE exploration permits, within the pre-eminent lithium (spodumene) region that has become known as Brazil's "Lithium Valley", as well as the highly regarded Caldeira Alkaline Complex.

Perpetual also owns the Beharra Silica Sand development project, which is located 300km north of Perth and is 96km south of the port town of Geraldton in Western Australia.

Perpetual continues to review complementary acquisition opportunities to augment its growing portfolio of exploration and development projects consistent with its critical minerals focus.
