Review of Operations

Cullen is a minerals exploration company currently seeking deposits of gold, and base and battery metals, either in its own right, or managed by other partners in joint venture.

During the half-year under review, the Company continued its mineral exploration activities including: project generation, database reviews, field mapping, soil sampling and drilling. Company exploration activities, including Joint Operator managed projects, were focused in Western Australia with its project in Finland managed by Capella Minerals Ltd for copper-gold exploration. In November the Company entered and Option to Purchase scheme with the vendors of E63/2463 located ~90km east of Norseman, W.A.

The Company currently has the following main tenement interests:

- North Eastern Goldfields, WA (Mt Eureka JV - gold and nickel)
- Eastern Goldfields, WA (Killaloe JV – gold and nickel)
- Wongan Hills, WA (gold and base metals)
- Cue, Murchison Province, WA (gold and base metals)
- Bromus South (gold and lithium in pegmatites), and
- Barlee, WA (gold and lithium in pegmatites).

Notes to the Half-Year Financial Statements for the half-year ended 31 December 2024

Note 1 Corporate Information

The financial report of Cullen Resources Limited and its subsidiaries ("the consolidated entity") for the half-year ended 31 December 2024 was authorised for issue in accordance with a resolution of the directors on 11 March 2025. Cullen Resources Limited is a company incorporated in Australia and limited by shares, which are publicly traded on the Australian Stock Exchange.

Note 2 Basis of Preparation & Material Accounting Policy Information

(a) Basis of preparation

This general purpose financial report for the half year ended 31 December 2024 has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. The half-year financial report has been prepared on an historical cost basis. Compliance with AASB 134 ensures compliance International Accounting Reporting Standard IAS 34.

For the purpose of preparing the half-year financial report, the half-year has been treated as a discrete reporting period.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

It is recommended that the half-year financial report should be read in conjunction with the annual Financial Report of Cullen Resources Limited as at 30 June 2024 and considered together with any public announcements made by Cullen Resources Limited and its controlled entities during the half-year ended 31 December 2024 in accordance with the continuous disclosure obligations of the ASX listing rules.

Going Concern

The Financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and liabilities in the normal course of business.

During the period ended 31 December 2024, the consolidated entity recorded a loss of \$580,001 and operating cash outflows of \$527,848.

The consolidated entity had cash assets of \$303,455 at 31 December 2024. The directors acknowledge that continued exploration and development of the consolidated entity's mineral exploration projects will necessitate further capital raisings.

The consolidated entity remains dependent on its ability to raise funding in volatile capital markets. However, the directors continue to believe that the going concern basis of accounting by the consolidated entity is appropriate as the company and consolidated entity have successfully completed capital raisings during the current period and in prior financial years, notwithstanding the challenging conditions in equity markets.

In consideration of the above matters, the directors have determined that it is reasonably foreseeable that the consolidated entity will continue as a going concern and that it is appropriate that the going concern basis of accounting be adopted in the preparation of the financial statements. If the consolidated entity is unable to raise funds to meet future funding requirements, there is a material uncertainty that the consolidated entity will be able to continue as a going concern. The consolidated entity then may be required to realise its assets at amounts different to those currently recognised, settle liabilities other than in the ordinary course of business and make provisions for other costs which may arise as a result of cessation or curtailment of normal business operations.

Accordingly, the financial statements do not include adjustments relating to the recoverability and classification of assets amount or to the amounts and classification of liabilities that might be necessary if the consolidated entity does not continue as a going concern.

**Notes to the Half-Year Financial Statements
for the half-year ended 31 December 2024**

(b) New and Amending Accounting Standards and Interpretations

The Company has adopted all Australian Accounting Standards and Interpretations effective from 1 July 2024 and they have had no material impact on the financial statements. These are not expected to have a material impact on the financial statements.

New accounting standards and interpretations issued but not yet effective

The Company has not elected to early adopt any new accounting standards and interpretations.

Deferred consideration(a) and royalty stream(b)	4,747,995	4,747,995
	<u>4,747,995</u>	<u>4,747,995</u>

On 12 April 2017, the consolidated entity sold its 30% contributing interest in the Mt Stuart Iron Ore Joint Venture and all of its other rights and interests in the Joint Venture tenements. Part of the consideration includes:

(a) a deferred consideration of \$1 million payable on the making of an unconditional final investment decision to proceed with the development of an iron ore mine on the tenements which were previously the Mt Stuart Joint Venture.

(b) an uncapped 1% FOB royalty on all iron ore extracted from the area of the Joint Venture tenements.

At the disposal date, the above consideration was recognised as an intangible asset. Its carrying value was determined based on a Net Present Value calculation using a discounted cash flow model with a number of assumptions including timing of the unconditional investment decision to proceed, future iron ore prices, exchange rate, timing for the development and production, future product volumes and discount rates (Level 3 fair value hierarchy).

Notes to the Half-Year Financial Statements for the half-year ended 31 December 2024 (cont'd)

At 31 December 2024, the directors have adopted a similar Net Present Value calculation with updated key assumptions to reflect the changes in market environment to determine the recoverable amount of the intangible asset as part of their impairment assessment of the carrying value of the asset. In the directors opinion, this assessment supports the carrying value of the assets and supports the conclusion that no impairment of the intangible asset is required at 31 December 2024.

In July 2015 the Consolidated Entity also sold its interest in the Wyloo project tenements to its partner Fortescue Metals Group Limited and the deferred consideration is a 1.5 % F.O.B. royalty up to 15 Mt of iron ore production from Wyloo project tenements, and will receive \$900,000 cash if and when a decision is made to commence mining on a commercial basis – E47/1649, 1650, ML 47/1490, and ML 08/502. No value has been brought to account in respect to this royalty.

Impairment during the period	(305,008)	(754,115)	(427,613)
Closing balance	12,397	12,397	12,397

The recoverability of the carrying amount of deferred exploration and evaluation expenditure is dependent on successful development and commercial exploration or alternatively by the sale of the respective areas of interest.

(a) Impairment

The directors have reviewed all exploration projects for indicators of impairment in light of approved budgets. Where substantive expenditure is neither budgeted nor planned the area of interest has been written down to its fair value less costs to dispose. In determining fair value less costs to dispose, the directors had regard to the best evidence of what a willing participant would pay in an arm's length transaction. Where no such evidence was available, areas of interest were written down to nil, pending the outcome of any future farm-out arrangement (level 3 fair value hierarchy). The consolidated entity will continue to look to attract farm-in partners and/or recommence exploration should circumstances change.

Note 9 Operating Segments

For management purposes, the consolidated entity is organised into one main operating segment, which involves the exploration of minerals. All of the consolidated entity's activities are interrelated, and discrete financial information is reported to the Board (Chief Operating Decision Maker) as a single segment. Accordingly, all significant operating decisions are based upon analysis of the consolidated entity as one segment. The financial results from this segment are equivalent to the financial statements of the consolidated entity as a whole.

Note 10 Commitments

The Consolidated entity has minimum expenditure commitments of \$440,000 to keep its tenements and ownership interests in good standing over the next year.

Note 11 Related Parties

Payments to director related companies

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

Consultancy payments were made to Mosman Corporate Services Pty Ltd during the period totalling \$17,625 (2023: \$18,375) which is a company controlled by Mr W Kernaghan. There was \$1,250 outstanding at 31 December 2024.

Note 12 Events Subsequent to Reporting Date

There are no known events subsequent to reporting date that would have a material effect on these financial statements other than:

- The payment of \$25,000 on the exercise of the option to purchase E63/2463

CULLEN RESOURCES LIMITED

Directors' Declaration

In accordance with a resolution of the directors of Cullen Resources Limited, I state that:

In the opinion of the directors:

- (a) the financial statements and associated notes of the consolidated entity are in accordance with Corporations Act 2001 including;
 - (i) give a true and fair view of the financial position as at 31 December 2024 and the performance for the half year ended on that date of the consolidated entity; and
 - (ii) comply with Accounting Standard AASB 134 "Interim Financial Reporting" and the Corporations Regulations 2001; and
- (b) subject to the achievement of the matters outlined in Note 2, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

CULLEN RESOURCES LIMITED
INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of Cullen Resources Limited

Conclusion

We have reviewed the accompanying half-year consolidated financial report of Cullen Resources Limited ("the Company") and its controlled entities ("the Group"), which comprises the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date and notes to the financial statements, including material accounting policy information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Cullen Resources Limited is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Qualified Conclusion

As disclosed in Note 4 to the half-year financial report, on 12 April 2017, the Group sold its 30% contributing interest in the Mt Stuart Iron Ore Joint Venture and recognised a deferred consideration of \$1,000,000 and a 1% FOB royalty of \$3,747,995. In estimating the recoverability of these assets as at 31 December 2024, the directors used a discounted cash flow model with a number of assumptions as to the timing and quantum of future cash flows. The directors have determined that the discounted cash flow model supports the carrying value of these assets.

For the half-year review of the Group's financial report for the year ended 31 December 2024, we have been unable to obtain sufficient appropriate evidence to assess the reasonableness of the directors' assumptions adopted in determining the carrying value of these assets. Consequently, we are unable to determine the accuracy and appropriateness of the carrying value of these assets, their classification and related disclosures as disclosed in the half-year financial report.

The Group's audit report for the year ended 30 June 2024 was similarly qualified in relation to this matter.

CULLEN RESOURCES LIMITED

INDEPENDENT AUDITOR'S REVIEW REPORT (continued)

Basis for Qualified Conclusion (continued)

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including independence standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical requirements in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Cullen Resources Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our qualified conclusion.

Emphasis of Matter - Material Uncertainty Related to Going Concern

We draw attention to Note 2 to the financial report, which indicates that the group incurred a net loss of \$580,001 and a net cash outflow from operating activities of \$527,848 during the half-year ended 31 December 2024. As stated in Note 2, these events or conditions along with other matters as set forth in Note 1 indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

CULLEN RESOURCES LIMITED

INDEPENDENT AUDITOR'S REVIEW REPORT (continued)

Directors' Responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the consolidated half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date and complying with AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
