Important Notices and Disclaimer

GENERAL

These presentation materials and the accompanying verbal presentation (together, the Presentation Materials) have been prepared by Maronan Metals Limited (Company) as at 17/09/2025 and statements are current only as at that date. Information in the Presentation Materials remains subject to change without notice. The Company has no responsibility or obligation to inform you of any matter arising or coming to its notice, after the date of this document, which may affect any matter referred to in this document. By receiving the Presentation Materials, you acknowledge and represent to the Company that you have read, understood and accepted the terms of this disclaimer. It is the responsibility of all recipients of these Presentation Materials to obtain all necessary approvals to receive these Presentation Materials and receipt of the Presentation Materials will be taken by the Company to constitute a representation and warranty that all relevant approvals have been obtained.

Unless otherwise indicated, all images, tables and charts included in the Presentation Materials relate to the Maronan Project.

NOT AN OFFER

These Presentation Materials are for information purposes only. The Presentation Materials do not comprise a prospectus, product disclosure statement or other offering document under Australian law (and will not be lodged with the Australian Securities and Investments Commission) or any other law. The Presentation Materials also do not constitute or form part of any invitation, offer for sale or subscription or any solicitation for any offer to buy or subscribe for any securities nor shall they or any part of them form the basis of or be relied upon in connection therewith or act as any inducement to enter into any contract or commitment with respect to securities. In particular, these Presentation Materials do not constitute an offer to sell or a solicitation to buy, securities in the United States of America.

NOT INVESTMENT ADVICE

The Presentation Materials are not investment or financial product advice (nor tax, accounting or legal advice) and are not intended to be used for the basis of making an investment decision. Recipients should obtain their own advice before making any investment decision.

SUMMARY INFORMATION

The Presentation Materials do not purport to be all inclusive or to contain all information about the Company or any of the assets, current or future, of the Company. The Presentation Materials contain summary information about the Company and its activities which is current as at the date of the Presentation Materials. The information in the Presentation Materials is of a general nature and does not purport to contain all the information which a prospective investor may require in evaluating a possible investment in the Company or that would be required in a prospectus or product disclosure statement or other offering document prepared in accordance with the requirements of Australian law or the laws of any other jurisdiction, including the United States of America.

While reasonable care has been taken in relation to the preparation of the Presentation Materials, none of the Company or its directors, officers, employees, contractors, agents, or advisers nor any other person (Limited Party) guarantees or makes any representations or warranties, express or implied, as to or takes responsibility for, the accuracy, reliability, completeness or fairness of the information, opinions, forecasts, reports, estimates and conclusions contained in this document. No Limited Party represents or warrants that this document is complete or that it contains all information about the Company that a prospective investor or purchaser may require in evaluating a possible investment in the Company or acquisition of shares in the Company. To the maximum extent permitted by law, each Limited Party expressly disclaims any and all liability, including, without limitation, any liability arising out of fault or negligence, for any loss arising from the use of or reliance on information contained in this document including representations or warranties or in relation to the accuracy or completeness of the information, statements, opinions, forecasts, reports or other matters, express or implied, contained in, arising out of or derived from, or for omissions from, this document including, without limitation, any financial information, any estimates or projections and any other financial information derived therefrom.

JORC CODE

The information in the Presentation Materials relating to exploration results, exploration targets, mineral resources and ore reserves has been reported by the Company in accordance with the 2012 Edition of the 'Australasian Code for Reporting of Exploration results, Mineral Resources and Ore Reserves' (JORC Code) and is extracted from the ASX announcement "Updated Mineral Resource Estimate – Amended" released on 6 June 2025 and ASX announcements "Maronan infill drilling intersects thick interval of ore-grade silver-lead mineralisation including "Bonanza" 1520g/t silver intercept" released on 7 August 2024; "Strong widths and grades keep coming with infill drilling on the starter zone" released on 25 September 2024; "Update – consistent results build more confidence in the Maronan Project" released on 11 November 2024; "Drilling Continues to Deliver High Value Intercepts at the Maronan Project" released on 6 March 2025; and "High Grade Copper-Gold intercepts among the final batch of assays from the Maronan Project Drill Program" released on 9 April 2025. These announcements are available on the Company's website at www.maronanmetals.com.au.

The Company confirms that it is not aware of any new information as at the date of the Presentation Materials that materially affects the information included in the Presentation Materials and that all material assumptions and technical parameters underpinning the estimates in the Company's previous announcement[s] continue to apply and have not materially changed.

FORWARD LOOKING STATEMENTS

Certain statements contained in the Presentation Materials, including information as to the future financial or operating performance of the Company and its projects, are forward looking statements. Such forward looking statements involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are beyond the control of the Company and which may cause actual results, performance or achievements to differ materially from those expressed or implied by such statements. Forward looking statements are provided as a general guide only, and should not be relied on as an indication or guarantee of future performance. Given these uncertainties, recipients are cautioned to not place undue reliance on any forward looking statement. Subject to any continuing obligations under applicable law the Company disclaims any obligation or undertaking to disseminate any updates or revisions to any forward looking statements in this document to reflect any change in expectations in relation to any forward looking statements or any change in events, conditions or circumstances on which any such statement is based.

Established Mining District

- Located in North West Minerals Province
- Less than 5 km from sealed highway, 65 km to Cloncurry and 40 km to rail
- **Neighbouring processing capacity:**
 - 120km Cannington and Dugald River zinc-silver-lead
 - 15km AIC Mines Eloise/Jericho expanding copper-gold
 - 75km Ernest Henry copper-gold mine
 - 50-200km Osborne, Mount Isa and Rocklands copper

Large Silver-Lead Resource and Growing

- Global Indicated +Inferred Silver-Lead Resource¹:
 - 33.1 Mt @ 108g/t Ag, 6.0% Pb
 - 114.5 Moz Ag and 2.0 Mt Pb
- Mineralisation occurs over **1 km strike** and at least **1200 m below surface**, remaining **open at depth**
- Mineralised widths range from **4 to 20 m**
- Infill drilling since 2022 focused on the shallow **Starter Zone** significantly **increasing resource confidence**

Our Starter Zone

- The Starter Zone Resource¹:
 - Inferred + Indicated: 12.2 Mt @ 5.0% lead, 112 g/t silver
 - Indicated: 5.3 Mt grading 5.2% lead, 116 g/t silver
- Represents ~1/3 of the global silver-lead resource, **remainder open for conversion**
- Exceptional geology and grade continuity
- **>98% conversion of Inferred to Indicated** achieved

Copper-Gold Potential

- **Copper Gold Resource¹:**
 - **Inferred + Indicated :32.0 Mt @ 0.85% Cu, 0.63 g/t Au**
 - **271kt Cu, 649koz Au**
- **Open at depth** and **appears to broaden** offering bulk mining potential
- Considerable **capital development common with the Silver-Lead** resource

Mineral Development Lease

- **Stepping stone to a PFS** and Mining Lease
- Mineral Development Lease:
 - Application Lodged March 2025*
 - Seeking approval for an exploration decline, bulk samples and underground drilling
- Technical Studies:
 - Geotechnical design (MineGeoTech)
 - Metallurgy (Bianca Newcombe, AMML)
- Stakeholder Engagement:
 - Updates to existing agreements
