GGX Gold Corp. Announces Appointment of Gary Lewis as Director

Vancouver, British Columbia – September 9, 2026 – GGX Gold Corp. (TSX-V: GGX), (OTC: GGXXF), (FSE: 3SR2) (the "Company" or "GGX") is pleased to announce the appointment of Gary Lewis of Grand Falls-Windsor, Newfoundland and Labrador, as a director of the Company, subject to TSX Venture Exchange approval.

Mr. Lewis (C.E.T.) has over 40 years of experience in prospecting, mineral exploration and project development in Newfoundland and has been a driving force in exploration throughout the Exploits subzone. In 2000, he introduced Rubicon Minerals to the mineral potential of the area, resulting in numerous gold discoveries. In 2004, he directed VVC Exploration efforts in the zone and the acquisition of the dormant Beaver Brook Antimony Mine, resulting in its reactivation. In 2008, as a founding member of Search Minerals / Alterra Resources, he discovered a world-class critical rare earth metals district in Labrador. In 2012, Mr. Lewis received the Prospect of the Year award, while Search Minerals received the Developer of the Year award from the CIM Newfoundland Branch for this discovery. In 2016–17, Mr. Lewis introduced the founding members of New Found Gold to the mineral potential of the Appleton linear and Jonathan's Pond linear, as well as the structural significance of the geology between the Grub Line and the Dog Bay Line. He was also the first to identify the structural significance of the Gander Lake sigmoidal structure and the related stacked sigmoidal structures in the area.

More recently, Mr. Lewis was one of the key contributors to assembling land interests in the Rambler area of Newfoundland into a package that was sold to FireFly Metals Ltd.

About GGX Gold Corp.

GGX Gold Corp. is a Canadian exploration company focused on advancing the Gold Drop Project near Greenwood, British Columbia, a prolific historic mining district known for high-grade gold and silver. The project benefits from established infrastructure and proximity to regional mills. In addition to its flagship project, GGX maintains diversified asset exposure through its participation in the J2 Syndicate, offering shareholders indirect leverage to discovery across one of Canada's most active gold regions.

Forward Looking Statement

This News Release may contain forward-looking statements including but not limited to comments regarding the acquisition of certain mineral claims. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. Actual results may differ materially from those currently anticipated in such statements and the Company undertakes no obligation to update such statements, except as required by law.

Forward-looking statements are based on the then-current expectations, beliefs, assumptions, estimates and forecasts about the business and the industry and markets in which the Company operates, including that: the current price of and demand for minerals being targeted by the Company will be sustained or will improve; the Company will be able to obtain required exploration licences and other permits; general business and economic conditions will not change in a material adverse manner; financing will be available if and when needed on reasonable terms; the Company will not experience any material accident; and the Company will be able to identify and acquire additional mineral interests on reasonable terms or at all. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties and assumptions which are difficult to predict. Investors are cautioned that all forward-looking statements involve risks and uncertainties, including: that resource exploration and development is a speculative business; that environmental laws and regulations may become more onerous; that the Company may not be able to raise additional funds when necessary; fluctuations in currency exchange rates; fluctuating prices of commodities; operating hazards and risks; competition; potential inability to find suitable acquisition opportunities and/or complete the same; and other risks and uncertainties listed in the Company's public filings. These risks, as well as others, could cause actual results and events to vary significantly. Accordingly, readers should not place undue reliance on forward-looking statements and information, which are qualified in their entirety by this cautionary statement. There can be no assurance that forward-looking information, or the material factors or assumptions used to develop such forward-looking information, will prove to be accurate. The Company does not undertake any obligations to release publicly any revisions for updating any voluntary forward-looking statements, except as required by applicable securities law.
